Dear Alderman Bohl:

A review of the intersection of North 102nd Street and West Beechwood Avenue/ West Leon Terrace has revealed the need to install a stop control, based on sight obstructions that exist on the northeast and southeast corners of the intersection in the form of a hill and a tree. We therefore, in the interest of public safety, recommend the installation of the above-captioned stop control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.
