

February 7, 2001

To the Honorable, the Common Council

Subject: Consultant Contract for pavement design software

Dear Council Members:

The attached resolution authorizes the City of Milwaukee to enter into a contract with the CAiCE Software Corporation to develop pavement design software for the rehabilitation of the City's Street System.

This software will be specifically designed for the City's needs to improve design efficiency and it is recommended this resolution be adopted.

Very truly yours,

Mariano A. Schifalacqua
Commissioner of Public Works
