Interview with Ayanna Lee on Thursday, September 12th, 2018 by Arlisia McHenry and Angelyn Ward.

Ayanna Lee was referred by Jada Young. She is a 16 year old junior attending Rufus King High School. She is currently taking 12 credits. She lives in districts 11 and 10.

This past summer she interned with The Wave organization where she assisted registering people to vote.

At school she volunteers in peer mediation and participates in mentoring freshman students.

Meeting attendance was stressed. Like the Common Council, each MYC member represents a district with 2 at-large members. The youth must commit to 2 meetings each month, the 2nd & 4th Wednesdays at CH, as well as participate in activities either at CH or in the community.

MYC members also allocate funds to youth agencies after a competitive review. Executive Committee members attend a national youth conference in Washington DC on sharing ideas, leadership skill building and training.

She agreed to her availability for the meetings and does not have any transportation issues.

Her current passion is voter registration. She says her skills are talking to people, brainstorming, she's good at listening, being creative and having fun. She'll also be participating in **Concert Across America** with **The Wave** in voter registration on September 28th at Kadish Park.

For now she wants to major in Art in college.

The next step is to meet Ald. Borkowski to represent district 11.
