**Subject:** STOP Royal Capital

Hi Alderwoman Taylor,

I am writing this as a concerned neighbor, I reside at 9000 N. 86th St Milw., WI 53224. I have many concerns regarding the Royal Capital development and strongly encourage the STOP of the proposed development. I have lived in Milwaukee my whole life and have lived in my current home for nearly 15 years. Having such a beautiful undeveloped area of raw nature to look onto while my children play outside has been invaluable to all of us. It was one of the main reasons we purchased our home. This beautiful green space is home to many creatures and has allowed my children to see turkeys, deer, and so many other animals that most who have grown up in Milwaukee have only been able to see outside of the city. That same bit of untouched nature has provided a sense of calm when I come home after a long day of providing care to patients all day. It has also one of the reasons so many of our neighbors have been proud to say we love our neighborhood.

I fear such a large scale development would greatly decrease not only the quality of life for me and my family but that of the current neighborhood. A neighborhood who has appreciated living amongst such a beautiful piece of nature. There are so many other available/ abandoned areas in Milwaukee that could be developed for large scale housing purposes without ruining this area. Please STOP the Royal Capital development. I fear going through with this will cause so many of my great neighbors to leave Milwaukee.

Sincerely a concerned neighbor,  
Ashley Boonnam
