James P. Purko
Director of Operations

Venu J. Gupta
Buildings & Fleet Services Director

To The Honorable
Public Improvements Committee
Milwaukee, Wisconsin

RE: EBE Participation information requested
during the Public Improvement Committee
meeting on October 21, 2002

Dear Committee Members:

Resolution 020948 – Professional Design Concerns:

The Department of Public Works has promoted EBE participation and has about 30% EBE participation in professional design contracts. Most recent records indicate that the Department of Public Works provides \$600,000 worth of professional service work to EBE companies.

Resolution 020947 – Security Contract

Due to the nature and the sensitivity of the security work, we have to be very careful in selecting subcontractors working on security system installations. Currently there is no local security system firm listed with the Emerging Business Enterprise program. We will continue to work with Toepfer Security Company on a project-by-project basis to evaluate any EBE participation opportunity.

Resolution 020946 – Building Automation System:

Johnson Controls has provided approximately 25% of the total contract work to EBE. In 2001, about \$105,000 worth of work was performed by Artisan Electric who is a certified EBE and performs quality work.

In addition to promoting EBE participation in all our projects, Official Notices can now be found on the Internet. We believe that this will provide timely information to all interested parties.

If I can be of any further assistance, please feel free to contact me at extension 3401.

Sincerely,

VENU J. GUPTA, Director
Buildings and Fleet Services

attach

Department of Public Works

Mariano A. Schifalacqua
Commissioner of Public Works

James P. Purko
Director of Operations

NOVEMBER, 2002
