

December 29, 2004

To the Honorable, the Common Council

Subject: 2005 Capital Improvements Program
Infrastructure Services Division
Federal/State Aid Project
South 6th Street from
West Ohio Avenue to West Hayes Avenue

Dear Council Members:

The 2005 Capital Improvement Program includes the improvement of South 6th Street from West Ohio Avenue to West Hayes Avenue under the Surface Transportation Program. The Federal Program provides cost participation for the improvement of traffic control devices in conjunction with the highway paving.

Eighty percent of the total cost will be funded by the Wisconsin Department of Transportation (WISDOT). The local share, \$5,703.61, will be provided through the Division's existing Capital Improvement Program.

We have, therefore, prepared the attached resolution, which authorizes and directs the Commissioner of Public Works to execute an AUP contract with WISDOT that allows City forces to install and/or modify traffic control facilities in conjunction with the improvement of South 6th Street from West Ohio Avenue to West Hayes Avenue in the 14th Aldermanic District.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
