Amy Oeth
Senior Planner
City of Milwaukee, Department of City Development
809 N. Broadway, 2nd Floor, Milwaukee, WI 53202

Dear Ms. Oeth:

On behalf of the Greater Milwaukee Association of REALTORS®, we would like to offer our strong support for the Growing MKE Draft Plan. We feel the DCD's efforts and engagement with community stakeholders throughout this process was crucial for ensuring that the changes reflect the needs and priorities of the community.

The proposed zoning changes could open many doors for increased development and housing choices in the city of Milwaukee that in turn create walkable neighborhoods, increased transit options and access to jobs, and providing more quality, affordable housing choices.

REALTORS® sell more than just bricks and mortar, they sell the quality of life that surrounds and impacts a property. We believe this plan can be a pathway to improving the quality of life in the city and attracting residents to the city to reach the Mayor Johnson's goal of becoming a city of one million people.

Thank you for your time and consideration.

Sincerely,

Mike Ruzicka
President

Marne Stuck
Government Affairs Director
