Subject: zoning change to allow the development of Augustine Prep
Date: Friday, May 29, 2015 3:12:18 PM

Gentlemen: I am writing to request the zoning change necessary to allow the development of Augustine Prep. Having known the Ramirez family and their commitment to the education of Milwaukee's central city youth, this school will provide an excellent education and a real future for it's students. Unfortunately that opportunity does not exist within the current education system. I implore you to make this zoning change and support the project in every possible way.
Jim Rowe
