Project/Program Title: Health and Safety in Child Care Grant

Grantor Agency: Milwaukee County Department of Health and Human Services

Grant Application Date: September, 2005

Anticipated Award Date: 02/01/06

Please provide the following information:

**1. Description of Grant Project/Program (Include Target Locations and Populations):**

Health and Safety in Child Care Program (HSCC) is a program that provides health and safety trainings to early childhood care providers serving children ages 0-5 years old. HSCC Program provides continuing educational trainings in the areas of emergency preparedness, hand washing, nutrition, and asthma care. HSCC Program also provides on-site health consultation from a Public Health Nurse (PHN). The PHN serves as a child care health consultant and works with child care teachers, parents, and teachers, to improve the quality of health and safety of the childcare environment. The Program works with child care centers in Milwaukee, mainly family licensed and Milwaukee County certified child care providers. In high risk areas of the city. The children and families are primarily w-2 child care recipients. For family child care providers to be successful, they must assure a home environment that supports optimal child development.

**2. Relationship to City-wide Strategic Goals and Departmental Objectives:**

The HSCC program aligns with the MHD Maternal and Child Health Division's goal of children ages birth to age 5 are healthy, up to date with immunizations, and are ready to attend school. HSCC is committed to strengthening the connection between the health community and the early childhood community, thus establishing its ultimate goal of promoting the optimal health and well being of children in child care in order for future success in school.

**3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):**

The assessment of health, well-being, and immunizations of children has been difficult for MHD. Public health staff has been successful in reaching young children through their natural learning environments, early child care programs. The grant funds will extend the MHD's ability to provide training and consultation to high risk children in child care. Early intervention related to lead poisoning, immunizations, review of children vision and developmental screening, and environmental hazards will promote health and school readiness of preschool children.

**4. Results Measurement/Progress Report (Applies only to Programs):**

- a. Monthly, quarterly, and year end report to Milwaukee County, reporting on trainings and on-site consultation. HSCCP will reach a minimum of 600 providers, and provide 30 trainings.
- b. Report the # of attendees at trainings, and evaluations from post tests from attendees.
- c. Report the # of hours of health consultation, and the topic of the health consultation and conduct satisfaction services for project services.

**5. Grant Period, Timetable and Program Phase-out Plan:**

The grant period is 1/1/06 to 12/31/06.

**6. Provide a List of Subgrantees:**

Medical College of Wisconsin for \$16,000

**7. If Possible, Complete Grant Budget Form and Attach to Back.**
