

**Table 2: Organizational Considerations**

Key Questions	Brainstorm
How do your climate resilience plans fit into your unit's bylaws?	
What resources does your unit bring to the campaign? Money, staff, facilities, reputation, etc.	
What is the budget, including in-kind contributions, for this project?	
How do you want the unit to be strengthened by this project? Examples may include: developing new leaders; increasing experience of existing leaders, building a membership base, raising money, etc.	
What internal problems have to be considered if the project is to succeed?	
How much time does your ECJ Committee, unit, staff, etc. have to devote to this issue? How much time per week/month will it take to succeed?
