District	New Flag?	Details
		Symbols are important. What represents you can tell a story or who you are where you come from and ideally even where you want
		to go. Milwaukee's flag is a throwback to a bygone era that no longer exists or can universally serve all of the diverse community that
		it represents. The time for change is now.

		Hi Peter, I am in Brostoff's district, I live just east of UWM.
		As for the second part of your email, it's hard for me to say what would wind up happening if there was a do-over done right. I'm a graphic designer, and I was appalled at how the original process went down. I don't really know if Milwaukee is in a place to adopt a
		new flag at the time—people are so on edge about so many things—taxes, MPS, crime, car chases, high prices. We were in a different
		place when "Sunrise Over the Lake" was introduced, and yes, it is popular, less now than it was back then, I'd say. I think that people
		simply like the way it looks, and don't know everything that went on behind the scenes. I think that if the process was done properly,
		there perhaps could be a different design that would be more popular. And, on a related note, is that what we want in a flag? Do we
		want it brandishing everything from beer cans to campaign signs? Genuinely asking, I just don't see that done in other cities, and that
		saturation can lead to an ennui about a design.
		Anyway, I could discuss this at length, but will refrain. If you absolutely need my specific address, let me know.

		The imagery is murky and nondescript, the colors are Brewers bland and the name is more Mao than Milwaukee. No thanks!
		Declutter the old flag. City Hall, recognition of our Native American heritage, the three rivers and Milwaukee boldly emblazoned. The
		City will also be able to trademark the new flag allowing the City of Milwaukee to profit from sales and control use instead of some
		third party.
3		It also appears some geographically challenged near suburb dwellers are flying the flag and think the people's flag represents them,
I ≺	no	it doesn't represent the burbs or the City of Milwaukee.

3	yes	Let's face it. This is the flag. It works so well being incorporated into other designs. No one actually likes the other flag, they just say they do cause they want attention, kind of like when people say they are "afraid of clowns". No you aren't, you are an adult who wants some attention. Happy to expand.
3	Yes	As a lifelong Milwaukee resident, I've seen the pride of the city follow suit with the rise of the people's flag in popularity. I think it would be a fantastic move if we adopted it as the official city flag, something that helps identify us as Milwaukee.

Hello,	
My name is Travis and I am a resident of the city since 2011. I would like either the current flag to remain our offici	ial flag, keep the
peoples flag at there discretion how to use it but not make it official or put forward a new contest.	
The current flag, has character, substance and shows an appreciation for all things that make this city great. Gears t	for the industrial
history of the machine shop of the world. Pays image to the great and growing shipping industry we have. The India	ans that settled
these lands, the great stadiums of our past and the amazing skyline we have. The wheat celebrating our brewing his	
waves of the lake.	,
The "peoples flag" is bland, lacks character and isn't creative. I understand the meaning behind it all but it's done so	o brandy and
doesn't represent enough of our historic past and our identity. It also almost identically matches a Obama Campaig	-
political run in 2008. There shouldn't be any political connections to a flag that is meant to unify a city as one.

I'd like to voice my support for the Peoples Flag for Milwaukee. I think that it has become widely loved and general	lly accepted as
"the" flag of Milwaukee already.	
It's on stickers and tshirts that I see every day. I also just saw the flag graphic on a billboard (94 eastbound, west of	
new debit card for a local bank. The tagline was "Locals Only". I believe that at this point it is the defacto symbol for	r the City and
should be made official. And it's a great design!

4	Yes	Comments on Milwaukee's Official City Flag AdoptionI support the People's Flag of Milwaukee, "Sunrise Over the Lake," designed by Robert Lenz, as Milwaukee's official City Flag. This flag has already passed an open public comment and examination period, winning as the top pick from over 1,000 entries and five finalists in 2016. It faced scrutiny by a vexillologist (an expert in flag designs), a historian, public comments, graphic experts, and others. Since then, this flag has been widely adopted and used by the people of Milwaukee. It is the flag I use and will continue to use as the symbol of Milwaukee. Please adopt this flag as the official flag of the City of Milwaukee in recognition of its proven record of acceptance and use. The variations of the base design of "Sunrise Over the Lake" that have proliferated over the years demonstrate a design flexibility that allows expressive variations in color or shape for different audiences
		I'd like to voice my support for the People's Flag of Milwaukee becoming the official flag of the City of Milwaukee.
		> It is such a simple, iconic, and easily-recognizable design, which is really a great example of good flag design. It is vastly superior to the current (1954) official city flag, which is both very busy and (now) quite outdated. Compared to this, the People's Flag has a timeless quality.
4	Yes	I'm a recent transplant and one of the first things I did when I moved to Milwaukee a couple years ago was to buy a People's Flag doormat. If I didn't live in an apartment building with no balcony or any other way to fly an actual flag, I'd be flying the flag itself.

4	Yes	Milwaukee Resident since 1989 Friday, August 16, 2024 12:50 PM City flag Hi,
		weighing in to say I love Robert Lenz's People's Flag design. If the city had adopted it years ago, it would have been shown nationwide during the GOP convention, another feather in Milwaukee's cap.
		It's the de facto city flag, anyway. Would be nice for the Common Council to catch up. The Braves and County Stadium no longer exist;
4	Yes	the people's flag's elements will always be pertinent. Sun 8/18/2024 9:51 PM Thank you for the opportunity to comment. I like the "Sunrise Over the Lake" flag. I put it with the Harley-
		Davidson logo, the Hoan Bridge, the Calatrava. It's a symbol of Milwaukee.
		That doesn't mean I want it to become the official flag, though. I like the one we have now. The things that some people see as flaws are positives for me. It's complex. It's detailed. It's historical.Plus, to me, "Sunrise Over the Lake" doesn't represent the whole city. It
		represents a part, an important part, but one part.
		I like the Sunrise flag. It's beautiful. I hope I continue to see it being flown. But maybe we don't need to make it the official flag. Maybe it's better if it stays unofficial.
4	Yes	Again, thank you.

		Dear Mr. Burgelis,
		Whenever municipal flags are compared, the ones most embraced by the people are the ones that reflect a design of simple elegance.
		Our last flag was a bit of a hodgepodge of icons, whereas this new one is beautifully clean. It also possesses a pattern that doesn't
		have any text or right/left directionality, so the imagery looks the same regardless of which way the wind blows and doesn't need a
		separate layer of cloth for its backside. And finally, I love how it was organically embraced by the citizens of our great city which, I feel,
		harkens back to our socialist roots.
		Many thanks to you, Alderman Burgelis, for helping our community to adopt this new flag. And, it was a pleasure to meet you at last
		night's Night Market.
		Sincerely, Tait

		My name is Noel and I think that the new Milwaukee flag should be officially adopted by the City of Milwaukee because it would be a
		testament of the growth that our city has gone through. Over the past few years Milwaukee has gotten a facelift, and with that a new
		flag had been adopted by the residents of Milwaukee to show that we have seen the changes in our city, and this flag represents that
		change. The current flag is representative of the previous industrious and hardworking generation which is great in itself. However I

10	Yes	think it should be the official flag of Milwaukee.
		Hi,
		I live in Milwaukee and am also employed by the city. While I do think the proposed new city flag is a drastic improvement from the
		existing one, I do have some concerns about the manner in which it was selected. Since only around 6,000 people voted, and voting
		was handled online it is hard to view it as representative of the entire city, when the current population is around 563 thousand and
		not all of those people have access to the internet. My ideal situation would be if a new submission and selection process were to be
		put forth and handled in a way that's more accessible to the entire city.

1		Good morning!
		As a longtime and proud resident of the city of Milwaukee I am writing to you to formally request that the City of Milwaukee adopt the
		People's Flag of Milwaukee as this city's official flag. In all of history, the purpose of a flag is to offer a symbol of a community of people.
		This flag as been more than a symbol. Since it's creation a few years ago, the People's flag has been a rallying point. It brings people of
		pocket communities together to believe that we are one Milwaukee. It doesn't just symbolize our unity, it creates it.
		A vote to approve or reject the People's flag as Milwaukee's official flag is an inflection point in what will be the history of our city.
		Approving the flag sends an irrevocable message that the city's government is part of the same community as it's people.
		Denying the adoption of People's flag sends an equally permanent message - but one of division, and hierarchy over community.
		Please adopt the People's flag as the official flag, and please do it in celebration of the unity of all Milwaukeeans.
10	Yes	Thank you.
		That's it. Registering against wasting time and money changing the flag.

		Thanks, Peter, for having this conversation. Sharing my 2 cents, I thinknthe vast majority of city residents have embraced the flag,
		while I don't think I've ever seen the old one on a house or business. Not sure who is pushing for the old one. And it they are upset
		about process, what community input was gathered when the old one was developed. I'm curious about that.
10		Again, that's for taking this on. See you at Washington Park Wednesdays.

		Hello,
		I enthusiastically support the People's Flag becoming the new official City of Milwaukee flag. As a city resident and as a graphic
		designer, I feel that it is a strong representation of our city.
		The fact that it has already been adopted for use by so many local institutions is evidence of its appeal. The grassroots momentum
		that it has sustained is something that branding specialists dream of. It would be a shame to put more city resources into reimagining

		If note the People's Flag website points up " over 7,000" people voted for the change. That's 7,000 out of a city with a population of over 550,000 .
		of over 550,000 .
		There describes any take much interact in changing the flag. I'll add how would now flags in, on and around public buildings he paid
		There doesn't seem to be much interest in changing the flag. I'll add how would new flags in, on and around public buildings be paid for ?
		Forget the flag; you need to focus on things that need to be addressed, including:
		Streets - They're a disaster. I live on the border between Milwaukee and Greenfield and it's clear to me when I go from one
		community to the other simply by how the streets are maintained - Greenfield's streets are;Milwaukee's aren't
		Basement Flooding - I walk thru the neighborhood and see a large number of homes are still connected to the storm sewers.
		Whenever there's a flood warning I cringe at the thought that water might back-up in my basement. Why doesn't the city mandate
		that all residential downspouts be disconnected from the sewers?
		Property Taxes - How is it that a developer (?) can buy a condo / apartment building for \$6 Million and have the city assess the same
		property at only \$4 Million . That's 200 of your constituents that saw their property taxes, bumped up by \$10,000 to cover for this 1
		owner. Why aren't property taxes commensurate with what a buyer actually pays for a property instead of jacking up my assessment

		Given the tight City of Milwaukee budget, priority of maintenance of vital infrastructure that sustains the city should be paramount. A

		maintaining street lights, etc. The existing city flag is elegant and informative while the proposed flag is not. What could possibly be

		Dear President Perez
		I am a resident of District 11, but am writing to you as President of the Common Council and Steering Committee. The purpose for my
		communication is regarding the City flag.
		I do not understand why time is being spent to change the City flag when we have so many issues of great importance which impact
		the quality of life for City residents. A new flag will do nothing to help improve affordable housing, fill pot holes and repair
		infrastructure or help to close the expected budget gap for 2025.
		The City has huge crime issues, reckless driving, car jacking's, gun violence and deaths. Criminals could care less about a flag.
		Please devote the time of the Council to addressing real City issues.

		I received your flyer and I was not happy to see that they want to change our state flag. Why? Do we need to chloroform the past to

		3) I DO NOT like the new flag - our flag should not be tampered with at all whatsoever. The design that is considered does not even

<u> </u>		I am writing to express my support in adopting the People's Flag as the official Milwaukee city flag.
		The current city flag is an archaic and racist representation of Milwaukee. It has aged horrendously.
		The People's Flag has been widely adopted by the people of our beautiful city. It's time to make it official and end this ridiculous back
		and forth.
		It's time for Milwaukee to have an OFFICIAL symbol such as the People's Flag to guide us visually. It's a symbol of unity and pride, and
12	Yes	a perfect representation of who we are as a city today.
	103	Council,
		I support the official adoption of the Peoples Flag. There's several houses on my street on the west side that fly it. The symbol

		To whom it may concern,
		I am sending this letter for approval for the new Milwaukee flag adaptation.
		My background is in graphic design/illustration, and I've been involved in the art my entire life. Until the recent design update, I was
		sort of clueless about a Milwaukee flag. I didn't realize it was something we could show pride in and showcase to show respect for our
		beautiful city. I assumed it was just other cities that had one.
		I understand that the old flag design holds a lot of historical significance, and we want to respect that. However, as a professional, I
		feel it's important to point out that the old flag has several design flaws and lacks clear symbolism. On the other hand, the new design
		is simple, clean, and has been widely embraced by the city, even appearing at sporting events as a symbol of Milwaukee.
		In closing, I would like to endorse the new flag as Milwaukee's official flag. We will never forget the old, but it's time to bring in the
13	Yes	new. Evolution is hard, but if it's working, go with it.
15	103	I just wanted to share my opinion, that I would like The People's Flag to be Milwaukee's official flag.

14	Yes	flag, which we fly at our Bay View home.

		Hello,
		I'm a city of Milwaukee resident, as well as an accomplished artist with works in the Whiney and NYC MOMA. I've spent my life in the graphic / marketing industry. I'm 55 years old and very aware of pop culture and trends.
		If we go to the new flag design, it would be like bulldozing a strong, beautiful classic building and putting in a strip mall and a parking
		lot. The design is a lego assembly of graphic cut and paste computer graphics. Anyone in the design industry can verify this. Say what you will about our current flag, but it does say 'Milwaukee' and there is no mistaking this. With the newer design proposed,
		nobody will have the slightest idea what or where the flag represents. Again, this is basic design / awareness stuff. The wool is being
		pulled over the eyes of the city by some who are unaware, possibly, of just what negative representation this new would give to the
		city nationally. The 'Sunrise Over the Lake' flag is one of those things that will hinder Milwaukee's ascent. Currently, the flag is at worst doing
		nothing. This new design will not age well. Indeed, it is already demonstrably out of its design moment, the year 2008.
14		Sincerely I support the official adoption of the new MKE flag. The simple design is engaging! Attached is a photo of the MKE "flag" neon sign my
14	Yes	husband made.
14	Yes	I support the official adoption of the proposed Milwaukee flag.
		I am a Milwaukee resident and believe that the new flag is important to many who reside in the city and should be adopted.
		The previous flag comes from an era that doesn't represent the values of the city. It is unacceptable to have a racist caricature of a
14	Yes	Native American on the flag as well.
		THIS is the flag of the people. It needs to be official.

I am surprised to here it is not already been adopted, because it certainly been adopted by the majority of Milwaukeens, I know!

the old flag is insensitive racially (indian head), out of date (county stadium), and silly (multi flags on a flag?!) Thanks for this change it's time for a change

Omaha, NE	yes	Subject: Official Flag Adoption Hello! I would be elated to see this flag be adopted as the official city flag of Milwaukee!! I visited Milwaukee a year ago with my boyfriend and we bought two of these flags because they are so cute! The colors and symbolism reflect the city beautifully in a simple yet effective way! Please incorporate this great flag! Cody Schnebel 415 Leavenworth St. Omaha, NE 68102

Chicago		also a similar sentiment, as many display it outside of homes, businesses, government buildings, etc. As someone who visited Milwaukee, I believe there are some great aspects of it, and I believe that it will become even greater in coming years. Adopting a new flag can help show that Milwaukee is entering a new chapter of growth and prosperity, unite the people of Milwaukee regardless of their background or beliefs, and serve as a symbol of motivation for the people to work hard and help improve the city. Even though I am an outsider who has never lived in Milwaukee, I hope that Milwaukee adopts a flag that the people can be proud of. Please consider this advice, and I wish the people and government of Milwaukee all the best!

There is nothing in that flag that says Milwaukee. The proposed flag is so generic it could be for Luddington, Michigan or San Diego. If you were going to change the current flag, I think it should include the Milwaukee Art Museum sunscreen or the tower of Milwaukee City Hall.
Cudahy	no	I encourage you to vote against the proposed flag.
Cudahy	Yes	Hello! Long time Milwaukee resident! I'd love to see the new flag adopted for Milwaukee. It's modern, bold, and is widely accepted. Milwaukee is in such a state of growth right now it would be very fitting to celebrate with a new addition to the city's official history! cheers,

		Hi,
		I'm writing to share my support of the City of Milwaukee making the People's flag the official city flag.
		It has been the unofficial flag for approximately 8 years now and it's well past the time to make it official. The People's flag unites us & brings a sense of pride & unity to all in the city, county & beyond.
		This score like a lightheasted simple way to spread invite the Milwaykee community. These who may not like it wen't really sare in
		This seems like a lighthearted, simple way to spread joy in the Milwaukee community. Those who may not like it, won't really care in the long-run & they are likely people who dislike Milwaukee so their opinion shouldn't be taken into consideration.
		Thanks for your work on this matter.

Green Bay	no	Alderman Burgelis,
		All the previous reasons to replace the current MKE flag with the Sunrise Over the Lake flag
		still hold. Let's add climate change driving people from the southwest and southeast US by
		way of tornados, hurricane, rising coastal waters, extreme heat and especially decreasing
		fresh water for drinking, cooking and manufacturing. These climate migrants will be joined
		by climate migrants from Mexico, Central America, the Caribbean, North Africa, parts of
		Europe, the Middle East and Asia. The Great Lakes States will be increasingly attractive
		and Wisconsin more so than others. Milwaukee has a better water, sewer and water treatment
		system from that huge inland sea that we call Lake Michigan that is reliable now and into
		the distant future. The "Sunrise Over The Lake " flag represents the future for MKE and
		a welcoming symbol for why we live here and why so many more will want to live here.
		It has a calm, positive, inviting feeling to it while at the same time a subtle reminder to

		To whom it may concern, I have found the more simple and modern design of the Milwaukee flag is beautiful and is reflective of the city. I for one have been and
		will continue to fly the flag proudly, but even more so if selected to become the official flag of Milwaukee.
Greendale	Yes	Thank you,
		Hello City Officials,
		I am writing this email to express my excitement, request, and desire to see "the people flag" of Milwaukee become the official flag of
		Milwaukee.
		While the current flag was a good representation for its generation, I think there is no argument that a modern sleek design better
		represents a flag that the people of Milwaukee are proud to show off and share.

NE		_We need the NEW Milwaukee flag! Love it love it love it Sent from my iPhone

		Greetings!
		My name is Brayden Parato and I am 19 years old. I have lived in Milwaukee County for 18 out of 19 years, specifically Franklin. I hope
		this email finds you well. I want to share my support for adopting the Peoples flag as the official Milwaukee flag.
		Ever since I was little my father would take me downtown for days out. Whether it was going to the art museum, Bradford Beach, a
		local coffee shop, or just a walk about the Third Ward there has always been one thing that sticks out to me, the people. Milwaukee has always been a place where people gather to share the good old times; it's a community where everyone loves to help everyone
		else. Since my father's passing in 2018, I have found myself more often than not going downtown to enjoy the scenery in parks, paths,
		and beaches. Although going downtown with my dad was our thing, I know that many other Milwaukee residents love to do the same
		thing.
		The People's Flag represents more than just a city, it represents every resident and visitor who walks, runs, or drives through the
		streets of the city. As a graphic design student at the University of Wisconsin Oshkosh, I appreciate the meaning behind the flag. The
		colors call back to the history of what makes Milwaukee the "Gathering Place" and our love for a city that lies on one of five great
		lakes. At face value, the flag means exactly what it is called, however, it also stands for equality, inclusion, diversity, and greatness.
New Derlin	Vec	When I look at the Peoples flag, I see a representation of a city that, at its heart cares for its people.
New Berlin	Yes	Thank you for your time I wish to add my voice to those who feel that making the "People's Flag" the official flag of Milwaukee is overdue.
		To those who claim it resembles the Obama campaign sign, I say this: as someone who's heart is in Milwaukee, where his family
		immigrated from Germany in the early 20th century, but whose home is, sadly, in Iowa, Iowa's state flag resembles that of France. But
New Berlin	Yes	that doesn't make lowa the land of baguettes and souffles or even good wine.

		I would like to express my support of the Milwaukee People's Flag. It has it all:
		- it is striking at a distance
		- it has a clear colour palette and simple design elements, it is a source of inspiration to make MKE merch to show MKE pride
		- it manages to combine MKE references into what now looks like one symbol, which in turn becomes a symbol for all of Milwaukee

		I wanted to share my opinion on the flag switch. I am against it. I feel the current flag is a better representation of the city of
		Milwaukee and what it has to offer.
		The flag that has been adopted as "the people's flag" is plain, ugly and does not accurately nor clearly represent my city.
unknown	no	If the flag is changed I will no longer fly it.

		I support the official adoption of the people's flag of Milwaukee as our official city flag. With the city's plan to revamp and connect all parts of Milwaukee, official adoption of the flag gives us residents a symbol that we're passionate about and brands the city properly
		going forward.

		Hello! I support the adoption of the People's flag of Milwaukee as the official city flag!
		It's an outstanding flag and would be a huge missed opportunity for the city if this flag is not adopted.
unknown	Yes	Do the right thing! Do it today 🛞 🛞
		To whom it may concern, I'd like to add my voice of support to adopting "Sunrise Over the Lake" as Milwaukee's official flag.
		The community of Watertown greatly benefits from having a large City with a positive identity within easy driving and commuting
		range. Our residents, my family and I spend a significant amount of time doing business with, enjoying recreation in, and using the
		regional mass transportation options available through the the City of Milwaukee. The City of Watertown recently went through its
		own brand development exercise and paid a significant sum to arrive at a simple but attractive symbol (below) to capture the essence of our community. Meanwhile, the "Peoples Flag" initiative offers the City of Milwaukee a great way to get the same thing for no
		charge from an even larger pool of talent. The competitive process of the flag contest and the passage of time have also served to vet
		the popularity and ease-of-use of Robert Lenz's winning "Sunrise Over the Lake" entry. I believe the artist has even released the
		design to the public domain to reduce any barriers of use and encourage people to use it in a wide variety of formats and settings.
Watertown	Yes	Thank you for considering my take in support of Ald. Peter Burgelis's efforts to approve Robert Lenz's "Sunrise Over the Lake" as the official City of Milwaukee flag.
Waukesha	Yes	Adopt the People's Flag!
Waukesha Waukesha	Yes	I support adoption of the People's Flag of Milwaukee. It is a beautiful design that helps unify the city.

		I am excited to learn that the Steering and Rules Committee will be considering Alderman Burgelis' proposal to make the "People's
		Flag of Milwaukee" our new official city flag. I strongly support this effort – it is long overdue. Flags can have the power to unify, energize, and motivate. I would encourage the Committee to think about how the (excellent) flag
		of the City of Chicago has been adopted and adapted across that city, and is incorporated into art and branding in thousands of
		different ways. We are already seeing this happening in Milwaukee, where the People's Flag logo has been integrated into Brewers
		hats, Bucks jerseys, political signs, beer cans, etc. Our city has already embraced the new design, and it is time to make it official.
		My law firm has more than 1,000 lawyers and 20 offices across the country. Each office has its own "badge" which we use for marketing and branding purposes. Below you will find the badge for our Milwaukee office (which is home to more than 100 lawyers).
		When even risk-averse law firms are embracing the new design, it is time for the Committee and Common Council to lend their
Wauwatosa	Yes	support.
Wauwatosa	Yes	We need to adopt the new flag for milwaukee. It is a great symbol of our city and one that simply and beautifully expresses our city. The old flag is outdated and doesn't have meaning any more.
		I am in support of adopting the People's Flag of Milwaukee as the official city flag. With all the recent construction projects and
Wauwatosa	Yes	revitalization of Milwaukee, now is the perfect time for the flag to officially symbolize our great city. It has already become a symbol of city pride and unity since its release.

		With any due respect and I'm nit certain these is much, did we not just have a competition for a beautiful city flag? Where I lack
		complete respect for this current abomination and graphic hot mess is the fact anyone in modern time would publish or want feedback on a flag with a RED native American's face. Is this committee tone Def? Don't answer that, we know it is. As a half native
		who has seen logos and mascots come and go and be bastardized along the way living in a time of the social justice warrior and
		acceptance of all it goes to show us as a native community you don't give a flying fuck unless it's an agenda that gains votes, clout or a
		show. Openly supporting racial justice a d social justice is INCLUSIVE of supporting your native community in the "People's Flag." We will nit be mocked. We will not shut up and deal with what you clearly are which is tone Def and blind to the real duties this office
Wauwatosa	no	should be fulfilling to its people.

		Hello!
		Just to show our support and vote for the official adoption of the flag of Milwaukee. I believe it's a great design!
		I hope it does become the people's flag of Milwaukee.
West Aliis		Thanks!

		Sat 8/17/2024 1:43 PM SUPPORT FOR: Proposed new City of Milwaukee flag (People's Flag) To: Ald. Peter Burgelis; Steering and Rules Committee; Common Council
		I support the adoption of the proposed new City of Milwaukee flag (People's Flag). The City of Milwaukee is a vibrant, walkable, delicious, and fun place to visit (not having a residence in the city, I can't claim to live in the city).
		However, Milwaukee is near and dear to my heart: I was engaged at The Pfister in 1980 and we moved to Whitefish Bay in 1990.
		The proposed flag is memorable because of its simplicity yet representative of Milwaukee's history and environment.
		Without extensive lake parks and views, river parks and activities, and with clear air and sun: Who would live here or visit?
		From personal experience living in the city of Detroit, there was no river access or safe parks: very, very few people lived or visited
		"downtown" by the river.
		One concern that is raised about the proposed new flag: is it inclusive or diverse enough? If one tries to include everything, something
		will get left out because of finite space.
		Please adopt the proposed new City of Milwaukee flag and embrace what is already a ubiquitous symbol of Milwaukee!
Whitefish Bay	Yes	Thank you for your consideration,
		To whom it may concern, As a fan of the great city of Milwaukee, and its wonderful people, I believe Cream City should have a great flag design to represent it.
		The People's Flag design is one that perfectly captures the city and is a symbol of hope as the sun rises over Lake Michigan.
Whitefish Bay	Yes	I hope that is adopted as the official flag of the city that I love so dearly.
		To Whom it May Concern:
		I heartily support making the People's Flag our official city flag of Milwaukee! The design is both appealing and eye-catching and the
		symbolism is deeply meaningful. I sincerely hope this flag will be widely embraced in the upcoming September vote.
Whitefish Bay	Yes	Thank you for this opportunity to express my opinion.
	N.	It's time to adopt this flag now.
