To Whom It May Concern:

My name is Dorothy Hull and I am appealing a claim that has been submitted. Milwaukee police Department was in pursuit of a stolen car down west Burliegh. My legally parked 1995 Ford Explorer Limited was struck and totaled. As I have stated in my previous claim this was my only form of transportation. This police chase endangered many by-standers lives. I personally want to know if people were killed would the city be liable? My life after this unfortunate accident has been in shambles! I can't pick up my medicine nor can I make a simple trip to the grocery store. I feel that the issue is that the police car hit my truck and I should be compensated for that. Pictures I have already given show white paint on the rear of my SUV. This car that was stolen was a 1995 black firebird. There is no possible way that if the stolen car hit me first, from the back, and caused all the white paint on my SUV's rear. This theory is told in the police report, that the stolen car hit my SUV from the rear first, my pictures show that my story is correct! If you look at the enclosed picture you will notice the white paint on my trucks rear. I also have witnesses and a video of everything. Janice Powell 5852 N. 44th street (witness #1), Don Ivey 414-372-3993 (witness #2), Hazel 414-760-6367 (witness #3), and Greg 414-444-6291 (witness #4). Lastly, please note that I am disabled and unable to walk and stand for long periods of time. As for getting on a Milwaukee County Transit System Bus this is laughable due to my poor health. My transportation was taken from me unlawfully and I need to be reimbursed. Any questions call or write.

To Whom It May Concern:

On July 28, 2004 I was attending a "Jazz in the Park" event and I was parked across from St. Josephs Hospital. My 1995 Ford Explorer was totaled after a Milwaukee County Police car struck my SUV. The officer bumped the corvette he was chasing causing for his car to bump into mine. My truck stopped him from crashing into the people sitting in the park. I am a diabetic and disabled. I am in dire need of transportation! I also suffer from chronic pains from a pervious accident when I was hit by a school bus. My daughter, a student at the University of Wisconsin-Milwaukee, also needs the use of my truck. I expect to be compensated for my losses. This has put me at a huge disadvantage. Enclosed are pictures of my truck, the police car, and the stolen car. The police report is also available and I will get that to you ASAP.

Consumer Rated Condition:

Good

"Good" condition means that the vehicle is free of any major defects. The paint, body and interior have only minor (if any) blemishes, and there are no major mechanical problems. In states where rust is a problem, this should be very minimal, and a deduction should be made to correct it. The tires match and have substantial tread wear left. A clean title history is assumed. A "good" vehicle will need some reconditioning to be sold at retail; however major reconditioning should be deducted from the value. Most recent model cars owned by consumers fall into this category.
