Ref: 04020

Common Council File 040278 is a communication from the Milwaukee Public Library relative to creating a new position of Management Librarian, Salary Grade 007. This position will provide needed support in the Arts and Humanities Department, where two positions were eliminated in the 2004 Budget.

This position is being created as an alternative to reclassifying a vacant non-management Librarian IV position in the Subject Services Department. The Librarian IV position has been vacant since December 2003 and will provide the savings necessary to cover the fiscal impact shown in the attached fiscal note.

RECOMMENDATION: PLACE ON FILE.
