RE: Item 13. Annexation of Territory to Historic King Drive BID (File #200377)

I wish to give oral testimony. I am concerned that the property owners, both residential and business, in the area proposed for annexation may not have been given (a) enough of the necessary facts about the proposal to make a wise decision or (b) sufficient notice or time to discuss the pros and cons with the BID staff, BID directors, or City staff.

Thank you,

Larry Hoffman
