

August 31, 2005

To the Honorable, the Common Council

Dear Council Members:

The Commissioner of Public Works is planning to fund a portion of the Urban Storm Trees and Green Best Management Practices program from the Sewer Maintenance Fund. The program is only partially funded at present and needs additional funding to be completed as designed. The program will be conducted by the Environmental Services Section of the Operations Division of the Department of Public Works.

Attached is a "Title Only" resolution for introduction at the next Common Council meeting and it is our intent to fill the file by letter to the appropriate committee prior to their next meeting.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer
