EXTERIOR PAINT COLOR MATCH...

- * To supply & apply a close color & sheen matched paint sample of the two (2) colors
- * Cathy or Mr. David to approve in writing the two (2) close color matched paint samples Snider Painting & Services provides

EXTERIOR PAINT WORK DESCRIPTION FOR SURFACES INCLUDED...

- * Only the surfaces included to have visible surface dirt removed. A fungicide/mildewcide exterior house cleaner will be used where needed.
- * Painted surfaces on homes or buildings built **pre-1978** are assumed by the state of WI to have lead based paint present. Per WI state law we as a licensed contractor are not allowed to do any hand or machine sanding of any kind. We are allowed to wet (dampen) the painted surface, remove loose/peeling/flaking paint, collect coverings with fallen paint chips & dispose. Rough intact heavy scaled paint layered edges will remain visible after the finish painting is complete.
- * If home or building is built **pre-1978** & state allowed HEPA machine wet (damp) sanding is requested by Cathy & Mr. David to lessen the rough intact heavy scaled paint layered edges a little bit more, per either's written authorization this work will be performed for an additional charge at the hourly rate of...**\$55.00** per man hour plus material, specialty equipment & the pickup & delivery of material & equipment.
Even after the HEPA machine wet (damp) sanding is complete the rough intact heavy scaled paint layered edges may remain visible after the finish painting is complete.
- * Painted surfaces on homes or buildings built **post-1978** to have loose/peeling/flaking paint removed by hand scraping then to lightly hand or machine sand the rough intact heavy scaled paint layered edges, collect coverings with fallen paint chips & dispose. Heavy scaled paint layer edges may remain visible after the finish painting is complete.
- * Caulked stress joints in wood surfaces included to have loose caulk removed & replaced & any missing caulk to be replaced with Sherwin Williams exterior paintable caulk
- * To reset loose nails in wood surfaces included.

EXTERIOR PAINT PRIMER APPLICATION...

- * New raw split cedar wood shake siding included to receive one (1) spot coat of self-priming Sherwin Williams exterior Woodscapes solid color stain flat no sheen finish paint in the approved color match
- * Painted trim bare uncoated areas & new raw wood trim included to have bare uncoated areas to receive one (1) spot coat of Sherwin Williams interior/exterior Multi-Purpose latex primer/sealer - if needed the primer/sealer to be tinted to approved color match

EXTERIOR PAINT TOP FINISH COAT APPLICATION...

- * New split cedar wood shake siding to receive one (1) finish coat of Sherwin Williams exterior Woodscapes solid color stain flat no sheen finish paint in the approved color match
- * Painted wood trim & new wood trim included to receive one (1) finish coat of Sherwin Williams exterior SuperPaint acrylic latex paint

=====

=====

OUR EXTERIOR TWO (2) YEAR PAINT WARRANTY...

- * Newly painted surfaces done by Snider Painting & Services are guaranteed if our paint peels away from the intact coating it was applied to which is classic paint failure & we will touch-up that area at no cost to Mr. Ivars or Mrs. Gailans for a period of two (2) years
- * Paint peeling down to the raw natural surface before first coating was ever applied, any moisture problems, any mold & mildew problems, any tannic acid problems & any normal wear & tear all excluded from our warranty.
- * Deck & factory direct color coated maintenance free surfaces are not included in our Warranty
- * This warranty is non-transferable and is void unless contract has been paid in full

CARPENTRY...

- * Due to the unknown extent of repair needed until area is fully exposed our carpentry services are done on an hourly basis plus material
- * Per Cathy or Mr. David's written authorization all carpentry work will be performed & accomplished for an additional charge at the hourly rate of...\$85.00 per man hour plus material & specialty equipment including the pickup & delivery of material & equipment.

WOOD FILLING...

- * Wood recommended for repair with damage small enough can be filled with wood filler to serve as a temporary patch
- * Per Cathy or Mr. David's written authorization all wood filling services are performed & accomplished by a painter for an additional charge at the hourly rate of...\$55.00 per man hour plus material & specialty equipment including the pickup & delivery of wood filler & equipment.

=====

PRIMING...

- * Priming services for any new wood or wood filler installed after **04-30-2024** walk around estimate are not included as amount of new wood or wood filler is not known
 - * Per Cathy or Mr. David's written authorization all priming of new wood & wood filler will be performed & accomplished for an additional charge at the hourly rate of...**\$55.00** per man hour plus primer & specialty equipment including the pickup & delivery of primer & equipment.
- =====

DOORS & WINDOWS STORED NOT HUNG PAINTED WOOD STORM/SCREEN COMBINATIONS...

- * Both sides of **stored** painted wood storm/screen combinations to be prepped & painted for an additional charge at the hourly rate of...**\$55.00** per storm/screen combination
- =====
