Hi Patti,

I went on the internet and saw the mural that you want to put on your building. Although I am very sure you and I share some of our politician views and the fact I think a mural is a terrific idea, I can not support a mural that has a politician view; this is the type of thing, in my opinion, that separates people in our City. We need more cheerful things that represent our outstanding City.

As always, best wishes,

Don Arenson
608 N. Broadway
Milwaukee, Wi. 53202

Thank you Don. I may be able to hook you up with people who can help make it happen. In the meantime would you mind sending an email of support to the Historic Preservation Commission to tell them your address and that you support it? Email addresses below. You need to include both. That would be a great help. Thank you very much.
Hope you are enjoying your COVID summer☺
Patti

Hi Patti,

GREAT idea for a mural on your building. I would like to do the alley area behind my building.

Regards,

Don Arenson
