Dear Dr. Fuller,

The Board of Trustees, the parents and staff of Downtown Montessori Academy would like to request your permission to add one grade each year until we reach eighth grade. We realize this was not part of our original contract, however, this addition would not increase our number of charter students. We would still remain within the contract number of charter students.

If you have any questions please don't hesitate to contact me.

Thank you very much for your time and consideration.
