I am writing to the City Plan Commission as a concerned member of the Milwaukee community. I have heard of the proposed plan for a data center near 60th and Capitol, and urge you all to consider the impact this will have on the Milwaukee community. This is an area where finding housing is already a struggle. Signing off on this project would mean putting large companies' interests over the Milwaukee and Sherman Park community.

Thank you for your attention to this matter,
Jessica Rieder
