To whom it may concern,

My name is Erika Lindwall and I am a Milwaukee resident. I am writing to strongly oppose the proposed data center project near 60th and Capital. While I understand the need for technology infrastructure, this project represents unacceptable risks to our community that I vehemently oppose. Specifically I am concerned that this facility will:

- Strain local energy and water resources, leading to higher utility bills
- Disproportionate impacts on low-income and BIPOC communities
- Noise pollution reducing quality of life
- Minimal to no local economic benefit
- Health risks, including increased cancer risk

I urge you to prioritize the wellbeing of Milwaukee residents.

Sincerely,

Erika Lindwall
