PA-33E Narrative

This report typed by P.O. Jeff THIELE, CID days.

On Tuesday, January 28, 2014, at approximately 12:50pm, I conducted a licensed premise check at Cell World and Electronic located at 3500 W. Vliet St. in the City and County of Milwaukee. The purpose of my visit was to set up their NEWPRS account for their new SHD license.

Upon arrival, I spoke with Bassam D. AL-RAMAHI who is the licensee and owner. I did set up his NEWPRS account with him and gave him instruction on how to enter transactions. He actually did one on his own as a test and completed a proper transaction.

I also provided AL-RAMAHI with a copy of MCO 92, a NEWPRS manual, a NEWPRS sign, and my business contact information. He did sign a form stating that he received these items and NEWPRS training.

I also explained and pointed out the different parts of MCO 92 that pertained to him and his license.

At this time I have no issues with this business.

ADDITIONAL COMMENTS/RECOMMENDATIONS:

As with the previous license applicant, Gurpiar SING, from February 12, 2013, the following same points of consideration were made to LOVE:

• The interior cameras would be placed accordingly: One above the entrance door surveying south towards the coolers. One above the coolers on the east side facing west towards the employee enclosure. One above the employee enclosure viewing the coolers on the east side of the establishment. One surveying the storage area that is located on the south side of the establishment. Two in the employee enclosure area. One in the office area, which is located behind the employee enclosure.

• The exterior cameras would be placed accordingly: Two on the northeast corner of the building, with one surveying southbound along the eastern exterior wall and the other overlooking the parking lot, along the northern exterior wall, towards the northwest corner of N 16th St and W Center St. Two on the northwest corner of the building, with one surveying southbound along the western exterior wall of the building and the other overlooking eastbound on the parking lot, along the northern wall towards the property line and W Center St. The final two cameras will be placed on the southeast and southwest corners of the property, surveying alleyway.

- It was also suggested that some lighting should be added to the south side of the location, as the alleyway and open fields just to the south, may invite loitering or other illegal activities.
- LOVE was advised that signage indicating the lot was private property and parking would be limited to customers only, as a way to deter loitering and illegal parking.

Design Guidelines

The City Wide Façade Design Guidelines outline the standards, which must be followed when renovating buildings using a façade grant. These design guidelines take into consideration a building's historic significance in determining what would be an appropriate treatment. Projects that affect city-designated historic buildings also require a separate review by the City of Milwaukee Historic Preservation Commission. Buildings in Renewal Projects also require a separate approval by the staff of the Redevelopment Authority.

I. Façade

The façade is the entire exposed exterior surface of a building that fronts a public street and contains the building's principal entrance. Any elevation not containing the main entrance but fronting on a public street exposed to public view will be considered a secondary elevation. Secondary Elevations may also be eligible for façade grants.

II. Storefronts

It is the intent of these guidelines that most buildings should have storefront-type glazing facing the street. When alterations are made to the first floor levels of buildings that presently have more opaque wall treatments, the façade grant program will usually require that storefront type glazing be installed that could accommodate retail uses in the future.

If an existing storefront is to be replaced, the new storefront should be traditional in character and include an appropriately designed bulkhead panel; large, undivided areas of clear glass display windows; a glazed transom surmounted by a storefront cornice; and a traditional, fully glazed storefront floor. The new storefront should fill the full height of the original masonry opening. Display windows should be of clear glass in pieces as large as is practical. Only clear low-E glass is permitted. The display windows should not be divided into small panes of glass; unless historic documentation exists that indicates this is the original design. ***Tinted or reflective glazing is not permitted.***

For historic buildings, all structural and decorative elements should be repaired or replaced to match or be compatible with the original materials and design of the building to the greatest extent possible. Buildings, that are an integral element of a historic streetscape, should reflect and complement the character of the surrounding area to the greatest extent possible.

II. Masonry

Unpainted brick, stone or terra cotta should not be painted or covered. Previously painted masonry may be painted. If it is necessary to remove paint or clean unpainted masonry, use the gentlest methods possible. Sandblasting and other abrasive cleaning methods are prohibited. Repaint defective mortar by duplicating the original in color, style, texture and strength. Repair or replace deteriorated masonry with new masonry that duplicates the old material as closely a possible.

III. Upper Story Windows

Retain original upper story window openings that are visible from the public right-of-way. Retain the present configuration of window panes and sashes except when historic photographs indicate a more original condition. Avoid making additional openings or changes in the principal elevations by enlarging or reducing window-opening sizes. The intent is to restore the original window configuration not to create new designs. If the replacement of a window sash is necessary, the replacement should duplicate the appearance and design of the original window sash to the extent possible.

Avoid the filling-in or covering of openings with materials like glass-block. Avoid using modern style window units such as horizontal sliding sash or fix sash in place of double—hung sash. Do not replace round head windows with square top windows. Interior mounted window grids used to simulate muntins are not allowed.

Design Guidelines

Design Guidelines for Signage

New signage should be traditional in character to complement the architecture of many of the older buildings in Milwaukee's neighborhoods. There are many types of traditional signs that are appropriate for use on older storefronts.

Sign Boards

A flat signboard with hand painted raised lettering is the most appropriate type of sign for older commercial buildings. These signs should be placed in the narrow band above the storefront. Modern internally lit box signs are not permitted.

Awning Signs

Awning signs have lettering on the edge flap or skirting of the awning that remains visible when the awning is either retracted or opened. Lettering on the main part of the awning generally not permitted.

Display Window Lettering

Another common type of storefront signage is lettering that is painted on or retched into the interior side of display windows and glazed entry doorways. These signs should consist of lettering and/or a logo, should not cover more than 1/5 of the area of the glass panel, and should not obscure the display area.

Hanging Signs

Hanging signs are signs that project from a building's wall and are supported by metal brackets. These signs can come in all shapes and sizes and are sometimes made in the likeness of objects and symbols associated with an actual type of business. These signs should project no more than four feet from the face of the building and should not obscure the signage of other nearby businesses. The signs and brackets should be designed to complement the architecture of the building and mounted in the mortar joints of masonry buildings. All projecting signs should be hung within the base zone of the building or parallel to the second story window, and be externally lit. Internally lit and moving projecting signs are not permitted.

Transom Signs

A transom sign is made of leaded glass letters that are built into the transom above the storefront display window or door. This can be illuminated at night with backlighting or illuminated from the lower interior part of the store lights. These signs can be made today by leaded glass craft workers and can be made as easily to remove panels.

Neon Signs

Neon signs first became popular in the late 1920s and 30s, and are seeing a renaissance in popularity today. There are many neon sign artists who can design new signage that will compliment old storefronts. Exterior neon signs are most appropriate for post 1920s commercial buildings while neon signs that are mounted within a display window can be successfully adapted for use on all types of commercial structures.

Yard and Sidewalk Signs

When appropriate permanent yard signs as well as portable sidewalk signs displayed during business hours can be used. However sign posts in yards should not be more than 10 feet in height.

Awnings & Entrance Canopies

If storefront awnings are to be used, they should be of a traditional tent style. Internally illuminated, half round hoop, and truncated wedge shaped awning will generally not be approved. Awnings should be made of canvas or neoprene impregnated fabric instead of shiny vinyl. Awnings with soffit panels should not be used to allow the structure on the underside of the awning to be exposed. Custom awnings may be approved if sensitively designed to enhance a new storefront design.

Entrance canopies extending out to the curb may be permitted if they are traditional in design, fabric covered and sized to complement the proportions of the storefront. Fixed, metal, asphalt shingle or mansard type canopies should not be used.

Too many signs give customers an impression of clutter and disorganization.

How do you make sure customers know your business exists? Most businesses answer that question with one word: signs. They know signs promote awareness of their business name, products, hours, and special features that attract an impulse shopper.

But when it comes to signs, "more" isn't "better." Research shows signs like those in the picture above don't attract shoppers. As shoppers search for information among so many competing signs, the message of each one is lost. Based on the impression they receive from the signs, shoppers may conclude the store is disorganized and cluttered.

There's another reason "more" isn't "better." Milwaukee's zoning ordinance restricts the amount and type of signs that businesses may display. Businesses are subject to citations from a building inspector if they have more signs than the code allows, types of signs not allowed by the code, signs installed without permits, and damaged or abandoned signs.

This customer information sheet tells you what kinds of signs you may display, how to get sign permits, and sources of assistance to pay for quality signs for your business.

What kind of permanent signs may I have for my business?

Permanent signs contain information like the business name, type of services or products available, hours of operation, and so on. Businesses are allowed to display this information on permanent wall signs, projecting signs, lettering painted on clear window glass, neon signs, and lettering on the edge of window awnings.

Several types of wall signs are permitted: a professionally painted board-type sign, a cabinet box-type sign with a lexan or plastic panel insert, or individual letters mounted on the building.

All permanent signs require a permit from the Milwaukee Development Center. If your business is in a locally designated historic district, the Historic Preservation Commission must also approve the sign.

What kind of permanent signs are not allowed?

Exterior signs made of paper, cardboard, or flexible plastic are not allowed. Banners are not allowed.

Guide to Storefront Signs

How large can my permanent signs be? How many can I have?

The amount of signage you may display depends on the zoning district in which the property is located.

In the most restrictive zoning districts, businesses are allowed to have a maximum of 18 square feet of wall signage. This can be one sign or multiple signs; however, the total of all the signs added together may not exceed 18 square feet. In the most restrictive zoning districts, businesses may also have one projecting wall sign, no more than 12 square feet in area. If you have a non-lighted awning, you can have 10 square feet of signage on the awning. If you have an internally lighted, translucent awning, you are allowed to have only 5 square feet of signage on the awning.

Any information or graphics relating to your business painted directly on an exterior wall will be treated as signs, and counted in the calculation of how much signage you are allowed to have.

Some zoning districts allow more signage. Call the Milwaukee Development Center at (414)286-8210 to determine the amount of signage allowed for your building. You must provide the exact address of your building.

Are temporary signs OK?

Temporary signs are typically paper or plastic signs and displays that advertise special sales or promotions. Temporary signs are allowed under these conditions:

1. The sign must be installed inside the window, not on the exterior of the building.
2. The sign must be displayed for no more than 30 days.
3. All temporary signs, added together, may cover no more than 25% (one-fourth) of the business's windows.

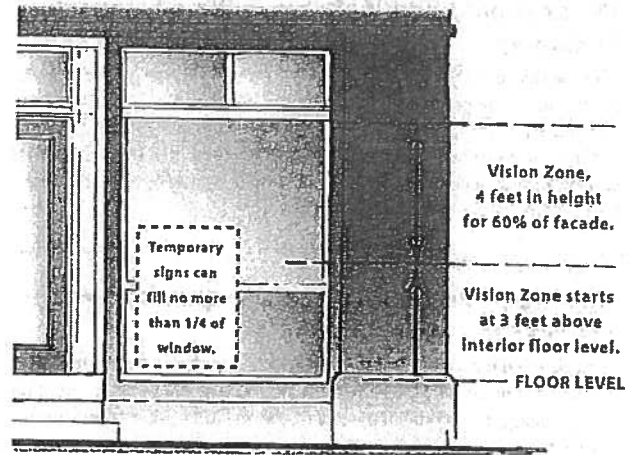

Temporary signs do not require a permit. However, if the temporary signs you install do not meet these three conditions, you are subject to a citation from the building inspector.

If you currently have temporary signs that are mounted outdoors, have been up for more than 30 days, or cover more than 25% of the window area, you must remove them now.

Special rules for store windows

Milwaukee ordinances require windows on retail businesses. At a minimum, windows must exist in a clear vision zone that starts about 3 feet from the floor and extends vertically to the spot 7 feet above the floor.

New buildings must be designed and built to meet these ordinances. For existing buildings, existing windows must be maintained and may be enlarged, but generally may not be reduced in size. Existing windows may not be painted over, blocked or filled in to restrict the view into the business from the street.

The window requirement affects the amount and type of signs that may be displayed in windows. It also affects what fixtures may be placed in front of windows inside the store.

Here are the rules:

1. Only two kinds of permanent signs are allowed in windows: individual letters painted on clear window glass, and neon signs consisting of individual letters. The permanent sign in the window may not obscure the view into the store in the vision zone. Permanent signs in the window may cover up to 25% (one-fourth) of the window area.
2. Display racks, point of purchase displays, and other items that significantly obscure the view in and out of the store may not be placed in front of windows in the vision zone.
3. Temporary signs may cover no more than 25% (one-fourth) of the store's window area.

What is an illegal sign?

Any permanent sign that was hung or mounted on a building or in a window without a sign permit is an illegal sign. Any temporary sign that doesn't meet the conditions listed on the previous page is an illegal sign. This is true even if a previous operator of the business put up the sign.

Anything put up for more than 30 days that displays the name of the business, services or products offered, special promotions, or even graphics depicting products is a sign and needs a permit. There are some small exceptions, such as small, neatly applied emblems relating to credit cards accepted, business associations, and hours of operation.

PA-33E Narrative

This report is written by P.O. Michael FASULO, District #3, Power Shift.

On Saturday, November 15, 2014 at 1:09am, Squad 3465 (P.O. Frank YINKO and I), began an investigation involving premise 3041North located at 3041 W. North Ave. based on information provided by Squad 3441 (P.O. Leon DAVIS and Ryan FEKETE) that an event was being held at the premise with an end time of 2:00am. P.O. YINKO and I checked LIRA, which showed the premise class B tavern license only allows the premise to remain open until 1:00am.

P.O. YINKO and I along with squad 3441 went to the side entrance of the location and spoke with a security guard and asked if he could get a manager or license of the premise to come out and speak with us. A b/m who would only identify himself as "Chris" came out to speak with us. P.O. YINKO introduced himself and stated to "Chris" that the establishment needed to close at 1:00am per its license. "Chris" then stated to P.O. YINKO and myself, where's your paper work saying that premise had to be closed at 1:00am. P.O. YINKO then asked "Chris" was his position was at the premise and "Chris" replied he had no position or affiliation with the premise he was just " a problem solver". I then asked "Chris" again if he would enter the premise and get a manager or the licensee and "Chris" replied he would only get someone if he had proof of something being wrong. I then took "Chris" to our squad car and showed him the hours of operation for the premise that showed the premise closing time was 1:00am. I then told "Chris" we needed to speak with a manager or the licensee. "Chris" then entered the premise and I requested Squad 3410 (Sgt. Wade GRUBICH) to the scene along with Squad 3480 (P.O. Miles KOWALIK and P.O. Michael RUBLEE). "Chris" exited the premise again, without a manager or the licensee. Sgt. GRUBICH, P.O.'s YINKO, DAVIS, FEKETE, KOWALIK, RUBLEE and myself then entered the premise, which still contained several hundred patrons at approximately 1:40am. Upon entering the premise music was still being played from a stage and patrons were still dancing on the dance floor. Sgt. GRUBICH then told me to go to the exit and start to count the number of patrons that were leaving the premise. From 1:49am to 2:10am I counted 101 patrons exit the premise. Inside the premise P.O. YINKO spoke with operations manager Shannon C. SMITH (b/m, 11/12/73), 6646 W. Charles Ct. Franklin, WI 53132, 414-426-7993, who stated that he as only worked for the premise for 3 weeks and was unaware that the license required them to close at 1:00am.

On Thursday, November 20, 2014 at 2:00pm in the EOC of District #3 a meeting was held with Keith TERRY, the licensee for 3041North regarding incidents that occurred on Saturday, November 15, 2014 and Monday, November 17, 2014. The incident on November 15 was the premise being operating past the hours established by the Common Council. The incident on November 17, was the premise being open on a day required to be closed by the Common Council.

Mr. TERRY was informed about the difficulty Squad 3465 (P.O. Frank YINKO and I) encountered with an individual who identified himself as "Chris" when it was requested that we speak with the licensee or a manager. When Officers entered premise patrons were seen walking and drinking from open liquor containers. Squad 3410 (Sgt. Wade Grubich) saw patrons with open pint size liquor bottles and I observed a patron with an open 750ml liquor bottle. The premise is required to be closed at 1:00am, at the time of the incident the premises website had hours of operation for the nights event ending at 2:00am. P.O. YINKO reminded TERRY that he had advised him in June the at the premise hours operation ended at 1:00am and TERRY acknowledge P.O. YINKO had informed him of his required closing time.

For the incident on November 17, TERRY admitted the premise was in operation for Salsa dancing and poetry reading. These events were also posted on the premise website when P.O. YINKO and I checked the premise on that date.

TERRY stated that he takes full responsibility as the owner and licensee of the premise and that they operated out of the hours established by the Common Council. TERRY stated that his vision for 3041North was an Urban Country Club. With membership fee's of \$60, \$150 and \$300 a month. TERRY wants to establish a clientele base of individual in the 35 and up age range. TERRY has a normal security staff of 6, but can increase to up to 18 depending on the event. TERRY brought with him an application to extend his business hours, and he plans to ask for his business hours to be extended when his license comes up for renewal. TERRY also admitted to knowing of problems connected with premise in the past and stated it is not his intention to violate city ordinances and does not wish to be on "any ones radar" as a problem establishment. PA-33E Narrative

This report is written by P.O. Frank YINKO, District Three, Late Power Shift.

On 11-17-14, at approximately 8:30pm, P.O. Scott LESNIEWSKI advised me that 3041North (3041 W North Av) was open, and should be closed on Mondays. Due to a recent incident on 11-14-14, at 1:16am, at 3041North, P.O. LESNIEWSKI (Community Prosecution Unit) and I (Tavern Squad) were familiar with the premise's licenses. On that date and time, the premise was operating as a Class B Tavern and Public Entertainment Premise after the 1:00am closing time posted on their Class B Tavern License.

Squad 3465 (P.O. Michael FASULO and I) conducted an investigation at 3041North on 11-17-14.

At approximately 9:25pm, P.O. FASULO and I observed 6-10 females exiting the west doors of 3041North. I advised the dispatcher to put us on an investigation at 3041 W. North Ave. P.O. FASULO and I entered the premise and observed 2 security guards, "Chris", and the operations manager, Shannon C. SMITH. There was no evidence of alcoholic beverages being served or clean up when we arrived inside the premise.

I advised SMITH that their license does not allow the premise to be open on Mondays. SMITH stated he had only been the operations manager for 3 weeks, and was not aware that the premise could not be open on Mondays. He stated there were only about 4 Salsa dancers, and 4 high school students reading poetry tonight from 6:30pm-9:30pm. SMITH stated they would reschedule future Monday events for a different day of the week.

Witnesses – P.O. Frank YINKO and P.O. Michael FASULO, MPD, District 3, Late Power Shift.

NARRATIVE SECTION: This clearance report was written by P.O. Scott KAISER, assigned to the MPD Neighborhood Task Force, Late power shift.

On Monday 8-5-13 at about 1:06 a.m., my partners, P.O. Andrew MOLINA, P.O. Christopher NAVARRETTE and I (Squad 963, Marked, full uniform) along with P.O. Matthew GADZALINSKI and P.O. Michael MARTIN (Squad 955, Marked, full uniform) were on patrol in the 3000 block of W. Fond du Lac Ave., south bound.

It should be noted that W. Fond du Lac Ave. is an angled street which runs northwest and southeast. At the intersection of W. Fond du Lac Ave. and N. 30TH St., there is an establishment (bar) with the name of Hammer's Den Tavern (3000 W. Fond du Lac Ave.). This is located in the City and County of Milwaukee, WI. The Tavern's front door faces southeast, paralleling W. Fond du Lac Ave.

~~While heading south, I was driving our Squad car behind Squad 955. At the Hammer's Den Tavern (located~~
to our left front) my partners and I observed four to five subjects standing on the steps and front sidewalk of the tavern. One subject (Later identified as Kevin J. WILSON, m/b, 2-26-76) was standing on the steps. My partners and I observed WILSON make movements consistent with an armed individual, when he (WILSON) observed Squad 955. WILSON immediately grabbed his right, front waist area and locked his head and eyes to Squad 955. As Squad 955 turned left (north bound) onto N. 30TH St., WILSON followed with his head, eyes and eventually body. After turning, WILSON grasped his front, right waist band again and ran up the stairs to the door of the Tavern. WILSON released his grasp and seemed to relax when it appeared that he suddenly saw our Squad car.

WILSON grasped his same front waist band area, turned his body toward W. Fond du Lac Ave. and with his left hand flicked a cigarette sized item, onto the sidewalk (officers observed the burnt, illuminated end break up and scatter in various directions) consistent with a person flicking a lit cigarette. WILSON then turned his body away and ran into the Tavern.

It should be noted that when WILSON reached the top of the stairs, I stopped our Squad car on N. 30TH St., directly in front of the Tavern's door. My partners and I were just exiting as WILSON flicked the suspected cigarette.

P.O. MOLINA (front Squad passenger) and I shouted commands to WILSON to stop as we exited. WILSON ignored those commands and entered the Tavern. P.O. MOLINA and I ran in after WILSON. WILSON was walking briskly toward the rear of the tavern and just near the end of the bar, I caught up with WILSON.

It should be noted that near the end of the bar, there is a large room that opens up directly across the same said bar. There is also a wall across that has a 90 degree turn (left or west). As WILSON reached this wall, P.O. MOLINA and I observed WILSON throw (transferred from his right hand and threw with left) a dark colored object, consistent with a large framed, semi-automatic pistol. As WILSON threw the suspected firearm, I heard him say, " That shit ain't mine!" and chuckle. P.O. MOLINA and I observed the suspected firearm hit a table top, to our left, and bounce off to the ground, creating a loud "thud". Along with the observation, P.O. MOLINA and I heard a heavy, metallic object, consistent with the described firearm, hit the table and the floor. I observed a dark colored object continue past the table, in the air. I grabbed WILSON's right arm and elbow and directed him toward P.O. MOLINA. P.O. MOLINA gained control of WILSON and I immediately attempted to locate the firearm.

It should be noted that to the left of where the suspected firearm was thrown, there is a small (6' x 8') area that had one person, a music DJ in it. This area is not partitioned off from the larger room or the immediate area where the suspected firearm was thrown. In the back of the large room, there was also a couple who heard the commotion and they started coming our direction.

I immediately located the dark colored object that was thrown beyond the previously described table. It was an empty holster which I picked up. This was not the source of the sound that I heard but was the object I saw sail threw the air, when I heard the loud thud style sounds. As the DJ and couple got closer, I had to keep them away and look for the source of the sound that I heard. After about 10 to 15 seconds, I observed a gray and black, semiautomatic pistol, on the floor, just beyond the table. I protected the scene until relief arrived. While awaiting relief, I observed two spots of fresh damage (chipped portions) of the table top that the thrown firearm struck, before falling onto the floor.

P.O. MARTIN entered the Tavern and aided P.O. MOLINA in placing WILSON into handcuffs. P.O. MARTIN conducted a search of WILSON's person and located a ziplock style bag of suspected Marijuana in WILSON's right, front pants pocket.

Forensic Investigator Alan WINTER (Squad 1924) responded and took 11 photographs of the firearm, scene and Tavern.

I recovered the firearm and hand carried it to MPD District 5 where I turned it over to P.O. MOLINA for inventory purposes. The firearm is a black and gray, Smith & Wesson .40 caliber pistol, Serial # PBN1461. There was a ten round magazine that was charged with ten, unspent .40 cartridges. The firearm was assigned MPD Tag # 67909 and with the magazine, placed on MPD Inventory # 13025130. The unspent cartridges and holster were placed on MPD Inventory # 13025132. The firearm and magazine were turned over for Latent print and DNA analysis.

I subjected a sample of the suspected Marijuana to a NARK II 05 Field test. This test yielded positive results for the presence of THC (1.27 grams) and was placed on MPD Inventory # 13025124.

A wanted check of WILSON revealed a prior felony and drug conviction (#05CF000839), and a parole status with WI.D.O.C.C. whom was contacted regarding. An Order to Detain was then issued for his violation of parole.

While waiting to enter the booking process at MPD District 5, WILSON made various statements, on his own accord, about the Marijuana and the firearm. The first statement made was at about 1:58 a.m. P.O. NAVARRETTE brought me the suspected Marijuana recovered from WILSON's person, for testing purposes. While P.O. NAVARRETTE and I were discussing , WILSON made statements, "That ain't nothing but weed." " I smoke weed." "It's weed, I smoke weed!" The next set of statements begin around 2:05:50 a.m. when another prisoner enters the pre booking area. WILSON has a casual conversation with this individual, stating, " It's over, the feds don't mess around. " Later, WILSON admits to the other individual that he's arrested for Felon in Possession of a Firearm. WILSON then makes a statement, "They didn't catch me with it, I threw it..... " then tapers off into a mumble. At around 2:10:04 WILSON states, "They caught me with , like a dime sack of weed.....and a pistol." Then WILSON goes on to tell the other individual that his prints won't be on it.

This incident was cleared with an adult arrest and will be reviewed at the District Attorney's office.
