RE: Ben & Dora Sadek Detached Garage  
2237 N. Lake Dr.  
Milwaukee, WI

## Statement of Intent

The applicant is proposing a single story detached garage to the West of the primary residence. The architecture of the garage will align with the existing residence by utilizing a system of panels with decorative moldings.

The proposed garage has a flat roof and parapet walls to match the architecture of the existing residence and rear façade of the house. The materials of the garage exterior are painted plywood with decorative moldings and prefinished trim boards.
