City of Milwaukee Planning Commission
C/o Planning Division
2nd Floor
209 N. Broadway
Milwaukee, WI 53202

Dear City of Milwaukee Planning Commission,

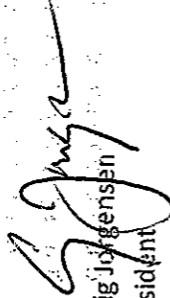

I am writing to you today to express our support for the rezoning of the properties on 5th & Harrison for the St. Augustine School and Athletic Facility. The above mentioned properties are currently an eyesore of an abandoned industrial site, one of the last Rustbelt properties remaining in Milwaukee. This location will now become a state-of-the-art education and athletic complex.

VJS Construction Services is honored to be the General Contractor for this grand undertaking. We are a long time signatory to the Carpenters, Cement Finishers and Laborers Unions, and this \$40,000,000 endeavor will employ over 100 local tradespeople, well paid and with benefits. These workers are highly trained and their safety, as well as the community's, is our primary focus.

This multimillion dollar project will help stabilize the neighborhood and support families currently residing in the area while promoting growth in the community, especially once the school opens. It will also foster progress and expansion in the mercantile sector as enrollment increases, establishing the neighborhood as new families move into the area.

VJS Construction Services believes this mission will serve as a catalyst for opportunity and advancement throughout the community, laying a strong foundation for families, education and economic growth.

Sincerely,

Craig Jorgensen
President

VJS Construction Services
