To Whom It May Concern:

I'm writing to express my strong opposition to this data center.

I grew up in this neighborhood and cherish the many memories there.

Putting a data center there would be devastating to the community. Not only will it impact our water usage, it would impact housing, and push communities out further. This would only reinforce the segregation in this city.

Do not put a data center in Midtown. That's not how you take care of your people.

Thank you for your time.
