

Bruce Block, the only incumbent member being proposed for reappointment, tells me that as far as he knows, there have been no BID Board meetings held for the past couple of years, and if they were held, he is or was unaware of them. He said that because this particular BID was a one property BID, there apparently has not been a great deal of attention paid to its existence as the years have ensued. Historically, he said that he had attended all meetings that were properly noticed and that his attendance record should therefore match that of other BID Board members.
