

**MEMORANDUM**

**To:** Honorable Members,  
Zoning, Neighborhoods and Development Committee

**From:** Jeff Osterman, Legislative Reference Bureau

**Date:** December 28, 2006

**Subject:** PROPOSED SUBSTITUTE FOR FILE 051177

+++++

The proposed substitute dated December 28, 2006, in Common Council File 051177 is essentially the same substitute forwarded to the Zoning, Neighborhoods and Development Committee by the Zoning Code Technical Committee (that proposed substitute is dated October 18, 2006). The December 28 substitute differs from the October 18 substitute in that the following language contained in the October 18 version:

    "...a premises for which the common council has granted any of the alcohol beverage licenses identified in s. 90-4-1,2 and 5 and such license is currently valid."

has been changed to read:

    "...a premises for which any of the alcohol beverage licenses identified in s. 90-4-1, 2 and 5 has been granted by the common council and has not yet expired."

This change was requested by the License Division for the purpose of clarifying the ordinance.
