State Project I.D. 1030-20-99  
 CONTRACT NO. 20  
 2011-2012 Transportation Management Plan  
 I-94 N-S Freeway Project

This agreement is a formal partnership, made and entered into between the Wisconsin Department of Transportation (DEPARTMENT) and the City of Milwaukee Police Department (CITY), to provide for services as described herein. The Wisconsin Department of Transportation and City of Milwaukee Police Department are partnering during the I-94 N-S Freeway Project (PROJECT) to ensure that emergency response capabilities are not adversely affected by roadway reconstruction.

The DEPARTMENT advises implementation of a comprehensive and cost effective transportation management plan that will help ensure the safety, accessibility and mobility for the traveling public in the PROJECT area. The PROJECT area is defined as interstates I-94, I-43 and I-894 from College Avenue on the south, Loomis Road on the west and Howard Avenue on the north. Included in the PROJECT area are local alternate route streets within two miles of the interstate roadways.

To mitigate traffic impacts caused by the PROJECT, the DEPARTMENT will provide \$75,000 to the CITY. In turn, the CITY will provide planning, coordination and staffing services (as outlined below) in an effort to mitigate emergency incidents in the PROJECT area and stay informed of PROJECT roadway closures and construction progress for a 2-year period commencing on January 1, 2011 and ending on December 31, 2012.

The monies provided by this agreement will allow for CITY to assist in:

- Traffic control assistance during changing traffic patterns and freeway closures
- Attendance at weekly construction traffic meetings
- Speed enforcement on alternate routes and other local roads
- Evaluation of emergency access and traffic control plans
- Assist in development of a Incident Crisis Communications Plan
- Participation in incident "dry run" exercises

**Enforcement Enhancements**

The CITY shall provide additional enforcement to keep alternate routes open and traffic moving. These enhancement services will allow for quicker first responses to crashes on key alternate routes, quicker incident removals, and added presence at sensitive facilities (schools, parks, etc.). The CITY shall also assist in securing incident/crisis scenes on city streets and attend PROJECT related construction progress meetings and coordinating closure schedules when necessary.

Total reimbursement to the CITY for traffic mitigation measures under this agreement will not exceed \$75,000. Billings shall be directed by the City to the attention of Chris Hager, Wisconsin Department of Transportation, Southeast Region, 141 NW Barstow Street, P.O.
