To the Honorable, the Common Council

Dear Honorable Members:

In 1931, the City of Milwaukee was granted sewer easements SE-235A and SE-235B, located south of West State Street, from the west line of North 37th Street to the east line of the alley west of North 37th Street.

These easements are being released because the storm drain that was built in the easement has been removed and drainage handled through the street catch basins. These easements no longer serve the interest of the City of Milwaukee and should be released.

We have prepared the attached resolution authorizing and directing the proper City Officers to execute sewer easement releases SER-235A and SER-235B.

We recommend adoption of the attached resolution.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer
