

**IRON GATE PUBLIC SAFETY**

1433 N Water Street, Suite 400, Milwaukee, Wisconsin

53202

To the City of Milwaukee Licensing Committee,

My name is Kevin Scholz and I am the owner of Iron Gate Security. This is a letter of intent to inform you that we will perform all and any security services for Legends Towing.

As hired security, we provide on-site services. We offer 24/7 security that includes but is not limited to overnight driving patrols during nonbusiness hours. Services during normal business hours includes one-man on-site security to perform any services needed by the company. The services provided include escorting the owners of vehicles out to the storage lot to facilitate the safe return of their vehicles with no problems or issues. We facilitate these returns after all fees are paid in the company's main office area.

Our services eliminates the Office Manager Nicholas Engan and other Legends Towing staff from having to physically escort vehicle owners onto the parking lot, open and close the company's entrance gate to the secure storage lot, etc.

Our services greatly help make the impound process not only easier for legends towing but all around contribute to a safer environment for employees and customers.

If you have any questions, please feel free to reach out to me or visit our website for more in-depth information about my company, our services, or our exceptional credentials and experiences.

Scholz

Sincerely Kevin

I, Sergeant Jermel WILDER of Milwaukee Police Department-District Five station was requested to write a letter for Julio Arias. Mr. Arias wanted documentation, proving that he came to District Five station numerous times in regards to his business, Legend's towing. Julio Arias stated that majority of the complaints against his business stems from angry citizens who cars were towed. Mr. Arias stated that is the root cause of the complaints filed against his business.

I can attest that I spoke with Mr. Arias multiple times in regards to his business, and interaction with the public and police.

Respectfully submitted by,

A handwritten signature in black ink, appearing to read 'S. Wilder', with a long horizontal flourish extending to the right.

Sergeant Jermel WILDER

District Five Early Shift.
