## Notes From Inside The Beltway

### Assisted Housing

**HOTMA Implementation Provisions Issued:** HUD issues 16-pages of rules governing implementation of provisions of the Housing Opportunity Through Modernization Act of 2016 (HOTMA) that pertain to the Section 8 tenant-based and project-based voucher programs. The new law changes the inspection requirements for both programs. It also provides guidance for changes to Section 8 housing voucher assistance payment calculations for owners of manufactured homes who rent the space on which their home sits. **Info:** See the notice at [www.cdppublications.com/docs/9074](http://www.cdppublications.com/docs/9074)
