Sage on Jackson

Mike O'Connor

Chairman and Founder at Dominion Properties
Milwaukee, Wisconsin, United States

Summary

Dominion-Properties:

Dominion is a private company that invests & develops commercial residential real estate. Recently we have begun developing new residential properties in Milwaukee. Our growing company of over 350 units of residential real estate is always looking to add more buildings. If you know of one, drop me a line and I can offer a finders fee!

Specialties: Green Development. Finding and re-habbing hidden gems on the East Side. Mentoring those interested in the business. Hard money lending. Commercial and residential real estate ownership & management for over fourteen years. Experience in the market for over 14 as a commercial lender.

Teamed with Christopher Adams at Dominion-Properties we are now developing what is expected to be a LEED Platinum certified apartment building at 1509 N Jackson, in the Water & Brady St. area of Milwaukee. We have several properties that are future development sites and are currently rented and held as residential or commercial buildings. Next spring (2015) we have two new projects overlooking lake Michigan which will begin construction. In 2016 we have another at 2025 N Summit that will be 32 units on the lake, East of Prospect!

We are also looking forward to working with investors who are looking for ownership of well located and well built properties in the most dynamic areas of Milwaukee. We have depth and experience in the real estate management area. As a result of our laser-like focus on the "gold coast" of Milwaukee we are in the ownership and management business for the long term and we are looking for similar long term investors to come in as partners in the process of building, renting out, and managing of landmark properties in Milwaukee.

If you are an individual who wants to get a good return as well as being part of the Milwaukee skyline please send me an email. If you are someone that has a site that could be developed and is in a good area of Milwaukee lets discuss ways we can work together.
