5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached.

Installation of roof mounted, 3kW photovoltaic solar system. Panels installed on flush-mount racking to follow line of roof.

System installed in compliance with WI statute 66.0401.

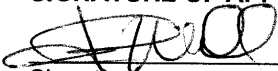

We apologize for installing this system prior to receipt of a Certificate of Appropriateness. Unfortunately we were not aware that a building permit or CoA were required for this installation.

Once we were aware, however, we have made every effort to follow the appropriate process and rectify the situation.

We have been working with the Office of Environmental Sustainability and the Department of Neighborhood services in testing the new Solar Permitting Process.

We have attached a site plan, annotated photos, and supporting documentation.

6. SIGNATURE OF APPLICANT:

Signature
