RECOMMENDATIONS

Recommendations is the business should have security system installed. I observed a nice size of standing water in the basement located on the northeast side of the building that should be fixed. I observed the business to not have a dumpster in the rear of the business and I also observed there to be no pull up slab in the rear where the dumpster should be located. I informed the owner that there should be exterior surveillance cameras located around the entire building. One option could be motion detector lights in blind spots would be an amazing attribute to capture any incidents with the element of surprise with the perpetrator being recorded once the lights are activated.

I recommend that there should be a no loitering signage put outside of building due the front door of the business being located near a city bus stop. I also recommended the owner place a bollard on the northeast corner of his business to prevent any vehicles from striking his building. I observed the building to still be in the renovation stages and recommended that the owner contact me a week prior to opening up his business for me to do a CPTED.
