

May 15, 2007

To the Honorable, the Common Council

Subject: South 76th Street (CTH U) – West Waterford
Avenue to West Oklahoma Avenue

Dear Council Members:

Milwaukee County's Department of Public Works has programmed the improvement of South 76th Street (CTH U) from West Waterford Avenue to West Oklahoma Avenue for the summer of 2007. As part of this project City of Milwaukee sanitary sewer manholes, communications and underground conduit manholes, and water gate valves must be adjusted to meet the new paving grades. Additionally, some minor curb and gutter, sidewalk, topsoil, and sod work associated with City of Milwaukee utility alterations has been requested by the City of Milwaukee that otherwise would not have been part of the contract work. These items of work will be undertaken by Milwaukee County's paving contractor as part of the overall roadway improvement project at the City of Milwaukee's cost. The overall cost of the project is approximately \$3,100,000 of which the City of Milwaukee's cost is approximately \$45,000.

We have prepared the attached resolution authorizing the Commissioner of Public Works to execute a Cost Sharing Agreement with Milwaukee County for the City of Milwaukee's estimated share of the project's construction costs. In addition, this resolution also authorizes the City Comptroller to establish the necessary sub account for the City of Milwaukee's estimated share of the construction costs on the project.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
