Hello,

I am writing in support of the Hackett Ave re-zoning and apartment development. This is exactly the kind of development we need in order to reach the mayor's goal of one million Milwaukeeans — and do it in a sustainable manner. This development will increase the customer base for businesses in the Downer Ave commercial corridor. Surface parking lots are a tragic waste of our city's space, especially for an already extremely walkable area that's well-served by public transit.
