SUBJECT: 3RD ALD. DIST. - FILE #221221
INSTALL ALL-WAY STOP ON NORTH CASS STREET
AND EAST PLEASANT STREET

Dear Alderman Brostoff:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control. Our traffic engineering staff has investigated this request and found the need to change the current north/south stop control on North Cass Street at East Pleasant Street to an all-way stop control to improve the traffic operational characteristics of the intersection.

We will prepare the necessary legislation for the next Public Safety and Health Committee meeting, so that you may support it to final passage.

Sincerely,

Kevin J. Muhs, PE, AICP
City Engineer

Honorable Mark Borkowski
Alderman, 11th Aldermanic District
Room 205, City Hall

SUBJECT: 11TH ALD. DIST. - FILE #221221
INSTALL STOP SIGNS ON SOUTH 57TH STREET
AT WEST EUCLID AVENUE

Dear Alderman Borkowski:

This is in response to your request on behalf of a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that sight obstructions exist on the northeast and southeast corners of the intersection in the form of hills and a bush that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation that will be heard at the next Public Safety and Health Committee meeting, so that you may support it to final passage.

Sincerely,

Kevin J. Muhs, PE, AICP
City Engineer
