Subject: Youth facility

You don't often get email from wojnarjoe@gmail.com. [Learn why this is important](#)

I really am opposed to a youth detention facility being built in an area where crime has closed many businesses. You claim you want to reenergize the 9th yet you throw you problems here. Wake up. The community need to feel safe and things will change. All you are doing is promotion fear. You and industrial areas where many buildings and lots are empty. Don't throw your trash here or you all will be thrown out of office next time. We will not forget.
