175.20 PROCEDURES FOR ADMINISTERING NALOXONE

D. Members administering Naloxone shall respond by completing the following steps:

1. Identify Opioid Overdose and Check for Response

- a. Ask person if he or she is okay and shout name (if known).
- b. If the person does not respond, shake shoulders and firmly rub the middle of their chest or as alternative use peripheral pain stimulus (preferred method) by applying firm pressure to trapezius muscle, nail bed, or earlobe.

175.25 DOCUMENTATION AND REPORTING

B. A supervisor responding to a scene in which Naloxone was administered shall file a *Naloxone Administration* report in the ~~Administrative Investigations Management (AIM) system~~ personnel management software prior to the end of his or her shift to notify the Naloxone coordinator that a unit or units have been deployed. The *AIM Naloxone Administration* report shall be ~~tracked~~ submitted directly to the training director at the Training Division, or designee, by the supervisor completing the report.
