

February 18, 2005

Ref: 05023

Common Council  
City of Milwaukee

Subject: Correction to Library Position Authority

Dear Honorable Members:

This letter is to request the introduction of a file to amend the 2005 Positions Ordinance to increase position authority for the Library by one Librarian III position. Funding for this position was awarded by the Common Council on November 3, 2004 in anticipation of the 2005 Community Development Block Grant awards. This position is one of two Librarian III positions included as part of the CDBG award for the Library's Community Outreach and Library Technology Center Initiative. Amending the 2005 Positions Ordinance as indicated by the attached file would allow for full implementation of this initiative.

We are requesting this file be introduced by title at the February 22, 2005 meeting of the Common Council.

Respectfully submitted,

Mark Nicolini  
Budget and Management Director
