1. Description of Grant Project/Program (Include Target Locations and Populations):  
The feasibility study will analyze implementation of uniform every other week recycling collection to all 1 – 4 unit households serviced citywide. Currently, the City provides recycling collection of bins and carts at varying service level frequencies. The feasibility study will examine resources needed to deliver uniform recycling collection to all serviceable households to bring parity in service levels citywide.
2. Relationship to City-Wide Strategic Goals and Departmental Objectives:  
Uniform recycling collection supports the goal of greater resource recovery and improved sustainability. Uniform recycling collection aims to increase recycling participation, divert greater amounts of recoverable materials from the landfill and save on waste disposal tipping fees.
3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):  
The grant will fund \$30,000 (100%) with no match cost required by the City. The grant will fund consultant services to conduct a feasibility study to implement uniform recycling collection at an every other week frequency to all 1 – 4 unit households serviced citywide. Grant funding provides the analysis needed to determine whether service level changes would be cost-effective.
4. Results Measurement/Progress Report (Applies only to Programs):
