Subject: EIGHTEEN87 Place project

Hi Nic,

I have been a longtime east side resident and wanted to send you a message to voice my strong support for the proposed EIGHTEEN87 Place project. In my view, the neighborhood is in great need of affordable housing, both to draw in a more diverse population and to allow people who already work in the area to enjoy living in the neighborhood. I believe that a community can only be strengthened with diversity, whether that be cultural or financial.

Thank you,

Megan Brings
