Commissioner of Health

RE: An ordinance relating to technical changes to certain health department licenses  
(File 031381)

This ordinance revision makes various technical changes relative to certain health department licenses consistent with the intent of the modification made to these last November. In addition, these changes remove obsolete provisions and terms relating to certain health department licenses. Specifically the revision:

- Eliminates the Meal Service Permit and places the meal service establishment fee under the Food Dealer License category.
- Moves vehicle scale (Public, Type 1 Nonpublic and Type 2 Nonpublic) licensing under the broad category of Weighing and Measuring Device Licenses.
