

Madeline Miranda Navarro, MPH

| madeline_miranda@me.com | Fully Bilingual in Spanish and English

Dedicated public health professional with a background in management, program implementation, health promotion, and international health projects, supported by 5 years of hands-on experience. I contributed to COVID-19 crisis response efforts, showcasing strong problem-solving abilities, adaptability, resilience, and commitment to public health. Passionate about advancing public health goals through evidence-based strategies and community engagement. Committed to advancing health equity and improving health outcomes in underserved communities worldwide.

Education:

Masters of Public Health (MPH)

Loma Linda University, Loma Linda, California, 2021

Bachelor of Science, Health Science

Southern Adventist University, Ooltewah, Tennessee, 2018

Diploma in Spanish as a Foreign Language (C1-Level)

Instituto Cervantes, Madrid, Spain, 2019

Professional Experience:

MPOWER Community Coordinator- Benedict Center

Milwaukee, Wisconsin | April 2025

- Coordinate outreach and engagement efforts with community organizations, service providers, and local stakeholders to support women in the street-based sex trade.
- Build and maintain partnerships with community groups, faith-based organizations, and local government agencies to enhance program collaboration.
- Facilitate meetings, presentations, and collaborative discussions to strengthen community response efforts.
- Represent MPOWER at community events and forums to raise awareness and foster trust with residents and partner organizations.
- Assist in evaluating outreach activities and documenting outcomes to inform program improvement and sustainability.

Teacher's Aid/Substitute Teacher- Milwaukee SDA School

Milwaukee, Wisconsin | December 2023- April 2025

- Effectively managing classrooms across various grade levels and subjects in the absence of regular teachers.
- Engaging students in learning activities and discussions as outlined in the pre-planned curriculum set by the homeroom teacher.
- Providing one-on-one/small-group support to students needing additional help.
- Assisting the lead teacher in daily classroom operations and student supervision.
- Being ready to assist in other classrooms or with additional tasks as needed.

California Health Collaborative- Every Woman Counts Program - Southern California
Health Educator | September 2021 - October 2023

- Serving as a Regional Health Educator across three major U.S. counties—Riverside, San Bernardino, and Inyo—coordinating breast and cervical cancer prevention services and monitoring regional performance metrics and KPIs.
- Delivering health education on the Affordable Care Act (ACA) and promoting breast and cervical cancer screenings for eligible participants in the Every Woman Counts program.
- Presenting weekly education to underserved, uninsured, or underinsured populations based on a regional community needs assessment.
- Trained 5 Community Health Workers in educating and supporting breast and cervical cancer services in their respective communities.
- Networking and collaborating with multiple organizations, implementing outreach events, and providing resources to low-income and health disparity populations.
- Built and maintained strong partnerships with local organizations, businesses, and community leaders to enhance program visibility and resource availability.
- Partnered with local organizations to organize 6-10 monthly community events, each attracting over 100 participants and fostering connections between stakeholders and community members.

Community Health Worker | December 2019 - September 2021

- Facilitated health education sessions and workshops in community settings.
- Assisted in the development and distribution of educational materials.
- Conducted home visits to provide health education and support to individuals and families.
- Collected and analyzed data to identify health trends and community needs.
- Worked with community leaders to promote health initiatives and programs.
- Provided resources and referrals to community members for additional health services.

Loma Linda University Health - Mass Vaccination Clinic - Loma Linda, CA

Administrator and Public Health Intern | January-June 2021

Note: Temporary position to support COVID-19 response efforts

- Collaborated with vaccination clinic supervisors to handle logistics during registration, vaccination, and post-evaluation to ensure a smooth process for patients. 79,987 vaccinations were administered during 5 months.
- Organized and directed off-site mobile COVID-19 clinics to serve the vulnerable populations within San Bernardino County according to the state-mandated tier system.
- Guided volunteers at a vaccination clinic, providing clear instructions on procedures, safety protocols, and patient interaction to ensure efficient and compliant operations.
- Led vaccination registration in Loma Linda University's electronic medical record for patients in their preferred language (English or Spanish).

El Sol Neighborhood Education Center- Youth Ambassador Program - San Bernardino, CA

Youth Listos Leader | October – December 2020 | **Note:** Contract position to develop pilot program

- Developed and launched a youth program in a low-income community to reach future youth leaders in the Inland Empire.
- Led the Emergency Preparedness and COVID-19 course and curriculum.
- Managed public relations while also mentoring and teaching youth about social media platforms.
- Led social networking activities to identify the youth's emotional, social, and educational needs.

Projects and Leadership:

Loma Linda University - Child Survival and Nutrition (Malawi)

Student Researcher | August 2021

- Conducted quantitative research on children ages 0-18, contributing to advancing knowledge in child survival and nutrition in surrounding villages in Thyolo, Malawi.
- Managed and maintained research databases, ensuring data collection and storage accuracy and integrity.
- Coordinated with research participants and maintained ethical standards in conducting studies involving human subjects.
- Present data and formal reports to appropriate leadership.

Adventist Development and Relief Agency (ADRA) - Ecuador Evaluation Protocol (Remote)

Student Evaluator | March-August 2020

- Conducted staff interviews about emergency preparedness to help identify community needs in the Pinchaha, Carchi, and Sucumbios regions.
- Translated and transcribed interviews from Spanish to English. Codified the interviews to present a comprehensive evaluation report to ADRA.
- Ensuring the program's effectiveness, efficiency, and impact by effectively delivering intended goals to stakeholders.
- Present data and formal reports to internal and external stakeholders.

Consulado Mexicano de San Bernardino, California - Ventanilla de Salud

Student Health Educator | October 2019 - October 2020

- Presented resources and health information on various health topics to the Hispanic population.
- Networked with community stakeholders and organized health events for the community.
- Updated educational materials for community distribution.
- Supported outreach efforts by attending community events and health fairs.
- Collected feedback from program participants to assess effectiveness and identify areas for improvement.
