Project/Program Title: 2021 High Intensity Drug Trafficking Area (HIDTA) Project

Grantor Agency: Office of National Drug Control Policy (ONDCP)

Grant Application Date:

Anticipated Award Date: March 1, 2021

Please provide the following information:

1. Description of Grant Project/Program (Include Target Locations and Populations):

Over the past several years, there has been an increase in heroin consumption and the distribution of opiates in the City of Milwaukee. In addition, overdose deaths associated with opioids has increased dramatically in Milwaukee County. Crack cocaine and marijuana remain persistent drug threats, as drug traffickers and organized street gangs have developed distribution systems for delivery to users across the State. Milwaukee HIDTA focuses on reducing violent crime by dismantling and disrupting drug networks and organizations that operate in the State of Wisconsin.

2. Relationship to City-wide Strategic Goals and Departmental Objectives:

The mission of HIDTA is to disrupt and dismantle drug trafficking and criminal organizations engaged in the distribution of narcotics in the greater Milwaukee area. The five task forces, including Interdiction Task Force, Investigation Task Force, Opioid Task Force, Fugitive Task Force, and Drug Gang Task Force, play a crucial role in interdiction and investigation, which leads to the successful prosecution of members of organized criminal networks involved in drug trafficking and criminal activity.

3. Need for Grant Funds and Impact on Other Departmental Operations (Applies only to Programs):

The goal of this grant is to continue the allocation of financial resources to MPD personnel assigned to five HIDTA task forces. This leads to increased cooperation and coordination between law enforcement agencies and partners through joint investigations of drug traffickers to reduce the prevalence and demand for illegal narcotics in the City of Milwaukee.

4. Results Measurement/Progress Report (Applies only to Programs):
