

AGREEMENT BETWEEN
THE WISCONSIN DEPARTMENT OF TRANSPORTATION
AND
THE CITY OF MILWAUKEE POLICE DEPARTMENT

State Project I.D. 1228-25-93
~~2014-2015~~ Traffic Mitigation
I-43/94 Bridge Rehabilitation Project

This agreement is a formal partnership, made and entered into between the Wisconsin Department of Transportation (DEPARTMENT) and the City of Milwaukee Police Department (CITY), to provide for services as described herein. The Wisconsin Department of Transportation and City of Milwaukee Police Department are partnering during the I-43/94 Bridge Rehabilitation project (PROJECT) to ensure that emergency response capabilities are not adversely affected by roadway reconstruction.

The DEPARTMENT advises implementation of a comprehensive and cost effective transportation management plan that will help ensure the safety, accessibility and mobility for the traveling public in the PROJECT area. The PROJECT area is defined as interstate I-43/94, from I-794 to Howard Avenue. Included in the PROJECT area are local alternate route streets within two miles of the interstate roadways.

To mitigate traffic impacts caused by the PROJECT, the DEPARTMENT will provide \$63,000 to the CITY. In turn, the CITY will provide planning, coordination and staffing services (as outlined below) in an effort to mitigate emergency incidents in the PROJECT area and stay informed of PROJECT roadway closures and construction progress commencing on May 1, 2014 and ending by December 1, 2015.

The monies provided by this agreement will allow for CITY to assist in:

- Traffic control assistance during changing traffic patterns and freeway closures
- Detour route assistance for ramp closures
- Attendance at weekly construction traffic meetings
- Speed enforcement on alternate routes and other local roads
- Evaluation of emergency access and traffic control plans

Enforcement Enhancements

The CITY shall provide additional enforcement to keep alternate routes open and traffic moving. These enhancement services will allow for quicker first responses to crashes on key alternate routes, quicker incident removals, and added presence at sensitive facilities (schools, parks, etc.). The CITY shall also assist in securing incident/crisis scenes on city streets and attend PROJECT related construction progress meetings and coordinating closure schedules when necessary.

Rec'd from Sgt. Yeekes
FEB 18 2015

Basis of Payment

The CITY shall charge actual costs incurred and attributable to the work performed and described above under this agreement to the DEPARTMENT. The DEPARTMENT will provide to the CITY reimbursable funding for these functions in the amount of \$63,000. Total reimbursement to the CITY for traffic mitigation measures under this agreement will not exceed \$63,000. Billings shall be directed by the CITY to the attention of Ken Kiepczynski Wisconsin Department of Transportation, Southeast Freeways, 141 NW Barstow Street Waukesha WI, 53187 and will include a statement of expenses supported by a description of items and services provided and expended. The DEPARTMENT shall pay the bill promptly upon receipt thereof.
