That is an interesting conundrum. The application does say “4 inches”. Given the location, if it matches the site plan in the COA, which it looks like it does, you can approve it based on that.

Subject: COA for 2118 E Kenilworth PL Garage

Hello Tim,

The COA that the customer provided states “Applicant requests an option for a 4” increase in width” which I am assuming was meant to be 4 ft instead of inches. However, the garage that was there previously was a 12’ x 21’ size and the new proposed garage is to be 14’ x 24’.

Please advise regarding the discrepancy.

Thank you,
