Hello,

My name is Jade Holcomb and I have been a Milwaukee resident and home owner for more than a decade and I'm writing to you opposing the Midtown Data Center. We can not in good faith as Milwaukees, Wisconsinites, and human beings allow for our already at risk communities to be subjected to the air pollution, noise pollution, and increased energy bills this proposed data center will cause. We do have the responsibility to protect our Great Lakes and the great people of Wisconsin. Please do the right thing and oppose the Midtown Data Center.

All my love,
Jade Holcomb
