Why does the bay view area need more apartments we have enough problems with the vue and now kenetic with parking breakins assaults and robberies with all the people coming here that don't live here

The parking situation is a joke there were promises made about enough for all the tenants plus the retail spaces and that is and was a bunch of crap zelinski blew smoke up all the home owners here and now we have to suffer for it. Bay view is turning into the east side why can't someone come up with a better use for this than another housing unit
