**ADDITIONAL COMMENTS/RECOMMENDATIONS:**

At the time of this inspection the location was not open and was currently under construction. The blinds where closed on the windows, preventing anyone from being able to see from the outside fo the location into the interior. However, when opened you are able to see inside from outside the building.

Regarding the security cameras, they were purchased, but not installed at the time of the inspection. The purchased system will keep video until the storage is full, at which time it will

begin to record over the oldest video. However, the owner was not sure how long that would be.

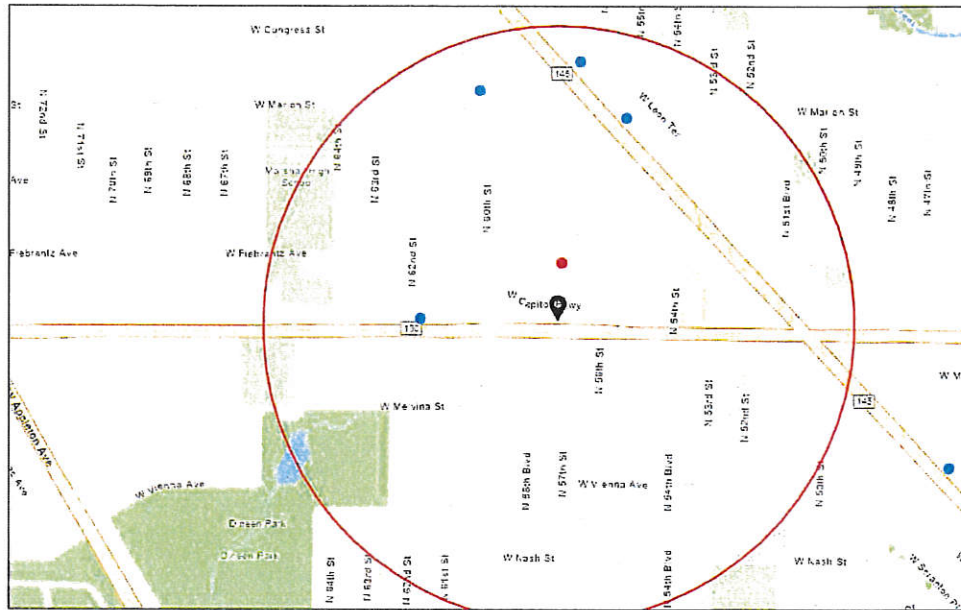

Lastly, regarding security guards, the owner did not plan to hire any for this location specifically. However, this location is in the midtown shopping center and the shopping center does have private security that they contract to drive around the shopping center.
