Collaborative Community Committee (CCC)

The CCC is a committee of the City of Milwaukee Common Council comprised of community leaders charged with carrying forward the goals of the Milwaukee Collaborative Reform (MKECR) Initiative following the U.S. Dept. of Justice's review of the Milwaukee Police Department. Current members include:

Markasa Tucker, African American Roundtable (Chair)
Fred Royal, Milwaukee Chapter NAACP (Co-Chair)
Tammy L. Rivera, Southside Organizing Center (Treasurer, Research Chair)
Danell Cross, Metcalf Community Bridges Association
Nate Hamilton, Coalition for Justice
Debra Huntley, AFSCME Council 32, AFL-CIO
Lisa Jones, UBLAC
Cacy Masters, Safe & Sound Milwaukee
LaNelle Ramey, Milwaukee Public Schools
Patricia Rogers, Dominican Center
Jamaal Smith, YWCA of Southeastern Wisconsin
La Toya Sykes, Our Next Generation

Research Collaborators

The CCC selected Derute Consulting Cooperative to conduct an analysis of resident responses to the DOJ's findings.

Derute Team:

Jeffery Roman

Dr. Dominique Duval-Diop

Dr. Decoteau Irby

Derute engaged Kairo Communications to include a historical and contextual analysis to situate the findings.

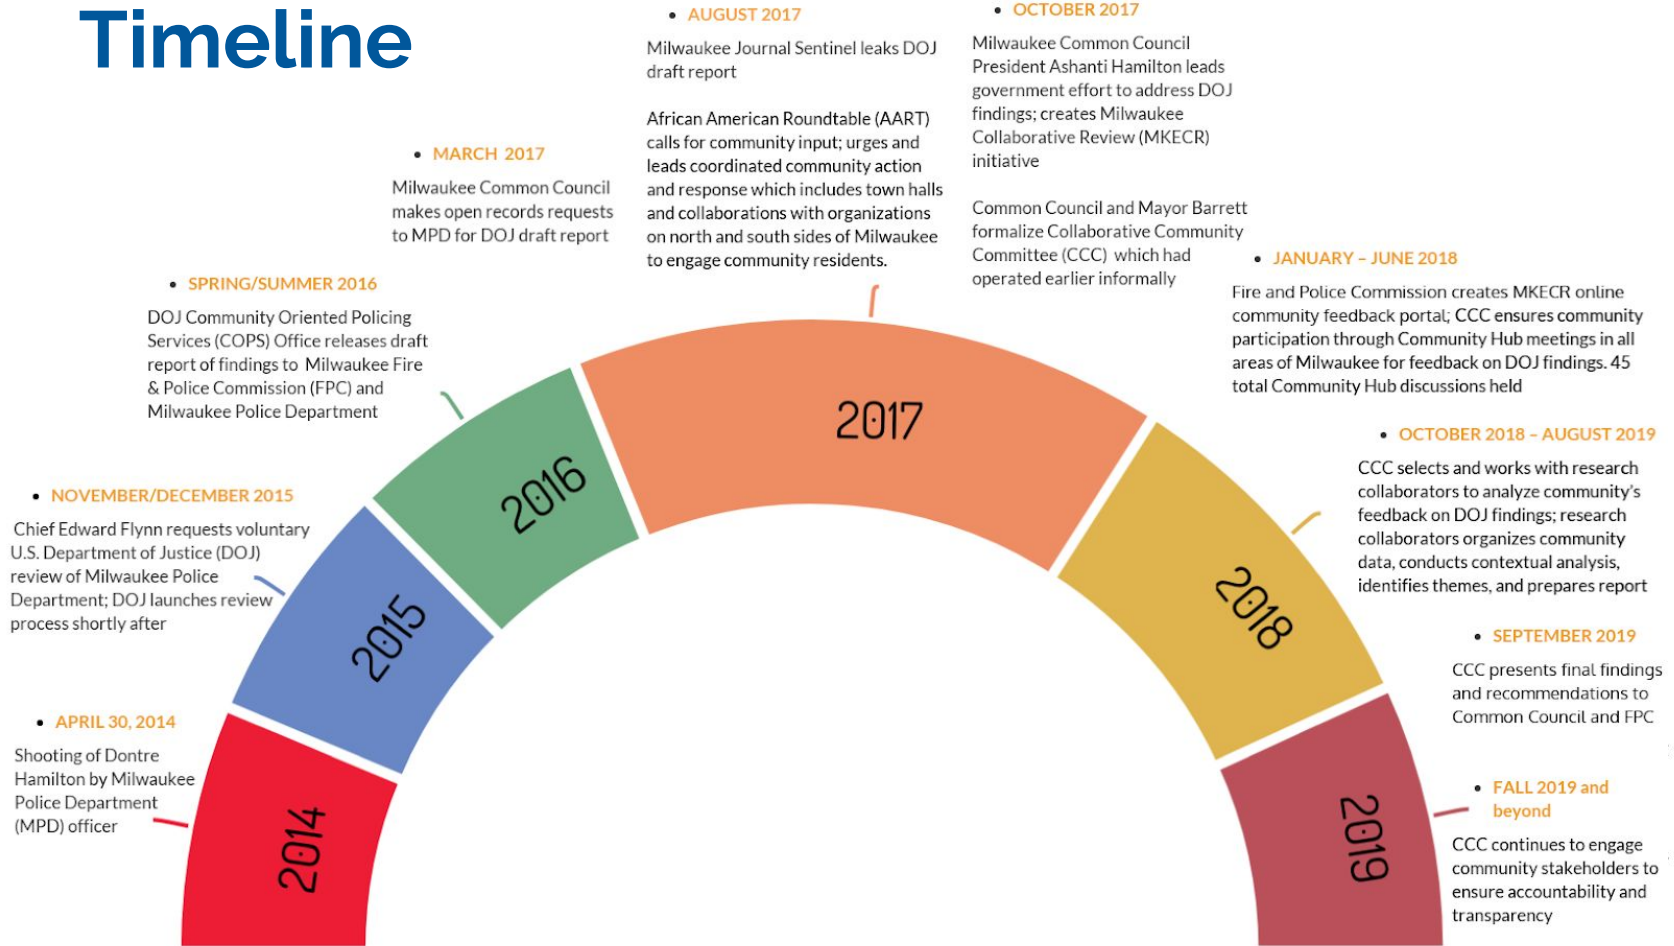

Kairo Team:

Dr. Deborah Blanks

Dr. Patricia Najera

Timeline

Community Input Sources

Community Hubs

The CCC and community partners hosted a series of community hub conversations across Milwaukee giving residents a chance to discuss and respond to the findings and recommendations in the U.S.

Department of Justice's (DOJ) draft report on the MPD and FPC. 45 community hubs were hosted by 18 partner organizations (including 3 MPD group hubs).

MKECR Online Portal

The City of Milwaukee and the FPC created an online portal as a way to engage, inform, and receive resident feedback on the DOJ's findings and recommendations.

Community Hub Host Organizations

African American Roundtable (AART)

Boys & Girls Clubs of Greater Milwaukee

Hmong American Women's Association (HAWA)

League of Martin (*Organization of African American police officers*)

Findings

Themes. *What people talked about most often, regardless of DOJ findings (ex: participants talked about training across multiple topics).*

Perspectives. *How people talked about and responded to DOJ findings, broken out by Community Member voices and Police Officer voices (ex: community members believe police should be trained on racial bias, police officers believe they should be trained in de-escalation skills).*

Alignment to DOJ report. *The DOJ findings to which themes and perspectives are aligned to (ex: community residents and police officers talked about training when responding to DOJ findings 1, 2, and 3).*

DOJ Draft Report Alignment

<i>DOJ Chapter and Title</i>	<i># of Themes</i>
<i>Chapter 3: Recruitment, Hiring and Personnel Practices</i>	9
<i>Chapter 4: Community Oriented Policing Practices</i>	7
<i>Chapter 5: Use of Force and Use of Deadly Force Practices</i>	4
<i>Chapter 6: Citizen Search and Stop Practices</i>	4
<i>Chapter 7: Systems for Supervision, Accountability Organizational Learning, Remediation & Discipline</i>	6

CCC Recommendations

The CCC prioritized themes by the frequency they appeared. Four groupings of themes emerged based on similar frequency. The following recommendations address the top two group of themes. The remaining two groups will be addressed in the CCC's next cycle.

Overall recommendation: *The detailed implications and and recommendations found in the DOJ's findings and CCC full report must be responded to in addition to the following recommendations. When recommendations are not met it will result in performance issues.*

CCC Recommendation #1

THEME	POLICY	PRACTICE
Community Engagement <i>(Theme 2, raised 141 times in community input data)</i>	FPC should create a Community Oriented Policing (COP) policy.	CCC will continue with grassroots members, community engagement and accountability on the findings from the DOJ's draft report and CCC report with measurable outcomes. Ensure the COP policy spans across every theme.

CCC Recommendation #2

THEME	POLICY	PRACTICE
<p>Training and Professional Development (<i>Theme 11, raised 112 times in community input data</i>)</p>	<p>The FPC's COP policy will be integrated into training and professional development opportunities as identified in the DOJ draft report and CCC report.</p> <p>MPD officers will make a mandatory annual visit to a counselor, chaplain, or psychologist with voluntary access to offered resources.</p>	<p>There must be transparency with training curriculum and trainers. Training should be culturally responsive and be evaluated. Ineffective training should be identified and changed or corrected. Training curriculum, trainers and evaluators should include community members agreed upon in collaboration with the CCC. When recommendations are not met, it will result in performance issues.</p>

CCC Recommendation #3

THEME	POLICY	PRACTICE
<p>MPD Standard Operating Procedures (SOP's) <i>(Theme 8, raised 92 times in community input data)</i></p>	<p>Prioritize SOP's under the ACLU's agreement: SOP's 085, 300, 440, 450, 730, 747 & 990; and CCC mentioned SOP's 130, 570 & 500. Referring to SOP 130, the language recommendations of Voces de la Frontera should be used. Amend language in SOP 747 replacing the word shall with the word must. In reference to SOP 570, Body Worn Camera videos must be made public within two weeks of critical incidents.</p>	<p>FPC should enforce and conduct an annual audit on MPS Operations and SOP's. All changes since 2016 must incorporate community engagement, in agreement with the CCC, and include education outside of regular FPC meetings for community residents and MPD personnel.</p>

CCC Recommendation #4

THEME	POLICY	PRACTICE
MPD Recruitment and Hiring (<i>Theme 7, raised 79 times in community input data</i>)	Those involved in the development and implementation of MPD's recruitment and hiring systems must be culturally competent, diverse, and demonstrate successful community relationships. Recruits and staff must exhibit cultural competency reflective of the City of Milwaukee and demonstrate leadership to implement COP policy.	Update background review criteria that may be barriers to employment for historically marginalized communities.

Contextual Highlights

- Over the last 70 years, MPD has sustained systemic, ingrained racism and discrimination.
- Over the years, new approaches and strategies offered by MPD Chiefs have often been challenged by rank and file officers and the Milwaukee Police Association.
- MPD and the City's inability to effectively address issues of race and discrimination reflects the enduring issues plaguing the broader society (excessive use of force by the police, mass incarceration, racial disparities in arrest and detention, and the distrust of the police by many in communities of color).

Contextual Highlights

- Criminal justice issues, like excessive use of force, have received public and media attention and are long term, unresolved issues related to racial equity, social justice, immigration, poverty, privilege, class, and power.
- Residents and activists have protested social and political injustices to force MPD and city government to implement positive changes. Often these voices and efforts are not valued.
- All of these factors have sustained an environment of community-police distrust that is detrimental to the entire city.

The Cost

- Death, injury, trauma, and distrust in the police and government.
- Adverse City, MPD, and Milwaukee County practices (over-policed, over-surveilled, segregated zones of disinvestment and concentrations of poverty within the City of Milwaukee)
- Disproportionate impact of criminal justice policies on people of color (WI Black male incarceration rate highest in nation, double national for population at 12.8% according to 2010 Census)
- Police misconduct and excessive use of force has cost taxpayers nearly \$30 million in settlements (more pending) forcing the City of Milwaukee to take out loans and pay interests.
